School Notes and News.

Mr. Anderson left us at Whitsuntide to join the Manchester University O.T.C. We wish him all good fortune, and hope to welcome him back to the School after the war. His work has been taken this term by Mr. T. G. Baillie, B.Sc., Manchester, who took Honours in Botany, and holds the Manchester University Teachers' Diploma.

And next term we hope to welcome Mr. John Bridge, B.A., of Downing College, Cambridge, to the staff, as Mr. Baillie is not staying on.

Miss M. C. Black, City and Guilds of London Institute, has joined the staff of the Preparatory Department.

We have been gratified by the receipt of photos from Old Hulmeians serving, and the Headmaster will be glad to receive others, or groups of O.H. serving, for the School gallery of honour.

A Challenge Cup for the winner of the Shooting Competition for members of the School M.T.C. has been purchased with con-

tributions from Mr. H. A. Fletcher, the Head Master and Mrs. Mason, to whom our best thanks are due.

We owe our best thanks to Lady Mather for presenting a Challenge Cup for the annual Swimming Championship. The Cup will be competed for on July 26th, and will be awarded for points in Long and Short Distance Races and Diving Competition.

C. T. Burton has passed the examination for Inland Revenue Clerkships.

TAYLOR.—Killed in action on May 13th, Edward Taylor, Second-Lieutenant 18th Hussars.

Serbian Relief.

We have a very gratifying report to give in this issue. As shown in the statement below we have sent a donation of £30 to the Manchester branch of the Serbian Relief Fund, for which we have received a letter of thanks from the Lord Mayor. We obtained some £9 of this as the proceeds of the concert held at the School on May 5th. The artistes very kindly gave their services, giving us a very enjoyable programme. Another £10 we gained from the Athletic Sports, held on Ascension Day. The boys over 11 years of age unanimously agreed to forego prizes this year and give the money thereby saved to our Serbian Fund. They

did not go quite unrewarded, however, for winners were awarded "Cards of Merit," of which they will be prouder in after years than of any ordinary prize. The remainder of the money comes from our Toffee Shop, which has proved a very popular institution.

J. W. H.

Holiday Work.

Some of the boys hope to be able to help in harvesting and other work during the holidays, and arrangements are being made, though the details are as yet rather unsettled.

Concert in Aid of the Serbian War Fund.

An enjoyable concert was given at the School on the evening of May 5th, by Mr. Herbert Walker's Concert Party, who had very kindly volunteered their services. Madame Félicité Trotère, Mr. Bertram Smith, and Mr. F. J. Welton gave songs, Mr. Herbert Walker, L.R.A.M., gave a solo on the pianoforte and accompanied. Mr. C. Granville Hine played the violin, and recitations were given by Mr. Charles Clare.

New Books.

COLOUR IMPRESSIONS. By Douglas Knoop, M.A., Lecturer on Economics in the University of Sheffield. London University Press. Pp. 99.

This book, by an Old Hulmeian, is a Report to the Trustees of the Albert Kahn Travelling Fellowships, on the results of a journey round the world, July, 1913, to July, 1914, and indicates by its picturesque title the questions in which the writer chiefly interested himself on his tour. These were various aspects of the relations of white to coloured races in the countries visited, which included Egypt, India, Ceylon, Java, Singapore, China, Japan, and the United States. He gives us a very interesting general survey of these problems, and one feels, after reading it, that even when the present war is over, and a settlement reached,

a multitude of difficult questions will stand over for future generations to tackle. Of especial interest in the light of recent developments are Mr. Knoop's pages on the English occupation of Egypt, and the westernisation of Japan.

SWIMMING. By Champions of the World. London: Simpkin, Marshall, & Co.

The chapter on the Breast Stroke in this handbook is written, in collaboration with another champion, by an Old Hulmeian, Mr. Percy Courtman, whose qualifications for dealing with his subject are given on page 7. He holds the A.S.A. Breast Stroke Championship for 1907-8-9-12 and 13, and the World's Record for the stroke for 400 and 500 metres, and he represented Great Britain at the Olympic Games in 1908 and 1912. He is now serving his country in the 6th Manchester Regiment. His chapter on the breast stroke, which is a necessity in life-saving, and the one most generally practised, gives careful instructions, with a view to minimising the retarding of movement during the recovery under water. It is well illustrated by photographs taken from above the swimmer.

Lectures.

Two very interesting lectures have been given to the School this term. On June 15th, Mr. J. Cumming Walters spoke on "Charles Dickens." He dwelt on the author's keen observation of men and things, and showed how he had employed the vast material thus obtained in picturing the characters which live in his pages. There were over two thousand of these creations, many of which are like familiar friends to readers of Dickens. The lecturer gave many illustrative passages from *Pickwick*, which were much enjoyed. We hope to have him with us again during the winter.

The centenary of Waterloo, June 18th, was celebrated by a very instructive lecture from Professor Tout. He showed that the Battle of Waterloo was of importance more because it marked the end of a vast struggle, than for its effect in the decision of that struggle. He pointed out many correspondences with the present war, and showed that Waterloo teaches us lessons that are valuable to-day.

The Athletic Sports.

The sports were held on the afternoon of Ascension Day, May 13th. The weather was fine, but very cold. By the request of the boys, the money usually expended on prizes, except for the events for those under 11 years of age, was set aside to be devoted to War Funds.

A short exhibition of drill was given by the Fourth and Third Forms, under the direction of Mr. E. A. Tessier. The Worrall Shield for champion house was again won by Heywood House, with a total of 88 points, Dalton coming second with 64. The Gaskell Cup for the championship in open events was won by W. L. Holden, of Heywood, who was first in the 100 Yards, Broad Jump, and Hurdles, and gained points in the Half-mile and Cricket Ball. Holden has established a record in winning all four Challenge Cups, which he has taken in succession, from the China Cup in 1912, to the Gaskell in 1915.

The warm thanks of the Games Committee are due to the following ladies and gentlemen who sent donations for the sports: Mrs. Briggs, £1. 1s.; F. W. Cox, 10s. 6d.; W. H. Livesley, Esq., 10s. 6d.; P. Macdonald, Esq., 10s. 6d.; G. Oehlcke, Esq., 5s.; H. E. Travis, Esq., 5s.; J. G. Watson, Esq., 10s. 6d.; J. W. Holden, Esq., £1. 1s.

Lady Mather was unfortunately unable, through illness, to present the prizes. Her place was very kindly taken by Mrs. J. J. Scott, who distributed the junior prizes and the Cups, and handed to the House representatives the Football and Athletic Shields and the Lacrosse Flags. At this ceremony, which took place in the Assembly Hall, the Head Master presided, and there were also present the Chairman of the Governors (the Right Rev. Bishop Welldon), Sir Edward Donner, Councillor Woollam, and the Rev. N. L. Aspinall.

Old Hulmeians and the War.

We publish a second list of the Roll of Honour, which adds 48 names to the 239 which appeared in the first (revised) list in our last number. Three or four of these have been invalided out during training, 21 have been wounded, and five, we deeply regret to record, have been killed in action.

A. J. H. R. WIDDOWSON.

Second-Lieutenant A. J. H. R. Widdowson, 2nd South Lancashire Regiment, was missing after the Battle of Mons, and is believed to have been killed in action. He entered the School in September, 1902, and left at the end of 1903.

EDWARD TAYLOR.

Second-Lieutenant Edward Taylor, 18th (Queen Mary's Own) Hussars, who was killed in action on May 13th, was at the School from January to December, 1900.

MURRAY D. BLAIKIE.

Private M. D. Blaikie, 6th Manchester Regiment, was killed during May through the blowing up of a trench at the Dardanelles. The trench was occupied by ten men and all were buried, but with the exception of Private Blaikie, all were rescued. Up to the time of his enlistment he was in business with his father, Mr. W. V. Blaikie, of Whalley Range, and was well known in Manchester business quarters. He was the second of three brothers, all of whom came to the school, and his younger brother Frank is now training with the Public School Battalion. Murray Blaikie entered the School in September, 1895, and left in July, 1899. He was a fine football player, and was also on the second cricket team. He played outside right in the brilliant football team of 1899, and afterwards for the Old Hulmeians.

ALFRED MEAKIN HOBDEY.

Private A. M. Hobdey, 6th Manchester Regiment, was killed in action at the Dardanelles, on June 13th. He was the youngest of six brothers, five of whom were at the School. He entered in September, 1903, and left in April, 1907, when he went to King William's College, Isle of Man. He was a good athlete and won

the China Cup for Under 14 competition at the Athletic Sports in 1906. Two of his brothers (one an O.H.) hold commissions and are now serving.

WOUNDED.

The following have been wounded since our last number appeared:—

Lieut.-Colonel A. F. Maclure, member of the School Committee, 7th Lancashire Fusiliers, was wounded in the arm at the Dardanelles early in May, but is now, we are glad to say, nearly recovered.

Lieutenant F. C. Bentz, M.B., R.A.M.C., has been wounded in the chest at the Dardanelles.

Lieutenant R. H. Brewis, 8th Lancashire Fusiliers, was slightly wounded on June 7th, and is now, we believe, quite recovered.

Private T. Johnston, 6th Manchester Regiment, is in hospital at Malta. He has been slightly wounded, and is doing well.

Lieutenant J. B. Leech, 7th Lancashire Fusiliers, was wounded in the back and thigh at the Dardanelles on June 12th. He was seriously ill for a time, but we are glad to hear that he is now progressing favourably. He is on his way to England.

Private R. Le Ricolais, 79th Regiment French Infantry, was slightly wounded in France, but has recovered and is now at the front.

Second-Lieutenant G. Cecil Lovett, Royal Marines, was slightly wounded by a bullet which grazed his head, but is now at the front again in the Dardanelles.

Private L. Norbury, 6th Manchester Regiment, who joined soon after the outbreak of the war, has been wounded in the cheek, arm, and shoulder, but is progressing satisfactorily. He is one of the older generation of Hulmeians, and played cricket, football, and lacrosse on the first team in 1891 and 1892.

Lieutenant A. H. Tinker, 7th Manchester Regiment, who was slightly wounded in the back by a sniper, on May 18th, at the Dardanelles, is now quite well again, and is resting at the base.

Second-Lieutenant F. B. Turner, 8th Lancashire Fusiliers, was slightly wounded in the

head at the Dardanelles, but is now, we believe, quite well again.

Lieutenant E. Wallwork, 8th Manchester Regiment, has been wounded in the right hand at the Dardanelles. He is now on his way to England. He got his commission in 1913, and went out to Egypt last September.

K. Williamson, A.B., Hawke Battalion, R.N. Division, has been wounded in action at the Dardanelles.

Lieutenant A. D. Thomson, 6th Manchester Regiment, has been invalided from Egypt, through eye trouble.

Lieutenant R. J. McNicol has been slightly wounded in the head at the Dardanelles, but has now quite recovered.

Private N. Fletcher, 6th Manchester Regiment, was slightly wounded in the knee while serving in the trenches at the Dardanelles. As septic poisoning set in, he was sent down to the base, and had a narrow escape whilst being carried out, a bullet passing through his trousers. He is now improving.

Rifleman P. Humfrey, 9th Rifle Brigade, has been wounded.

Private F. Jefferis was slightly wounded in the leg on May 29th at the Dardanelles. He has now quite recovered, and expects to be sent to the front again.

The news of Lieut. H. G. W. Irwin, 3rd South Lancashire Regiment, is good. Our readers will remember the account he wrote of his being wounded and taken prisoner in the retreat from Mons. He writes home that he is fit, and could do his mile some time back. He has now been moved from Münden, where he was very badly treated, being given only three slices of sour black bread and a little fish each day, to Bischofswerda, in Saxony, where he is very differently looked after. He can buy decent food, but it is expensive. His greatest trouble is the monotony and the lack of news.

H. Lomas has been wounded at the Dardanelles, but is well again, and expects to be sent to H.M.S. "Queen Elizabeth."

We understand that Capt. F. N. Peak and Pte. G. V. Barker have been wounded at the Dardanelles.

The Charge of the Manchesters, June 4th.

*A letter received from Private C. W. Murphy,
6th Manchester Regiment.*

Since writing last we have passed through some terrible times, but they are such as cannot be described on paper. We have been in the

firing line all the time, with the exception of five days, and we had some losses even then. The worst came last Friday when the whole line attacked the Turkish position. There was a bombardment of their trenches of one hour. One of our companies was in the front, and the other three in the second line—we were in the latter. The first went over their parapet, galloped across, and collared the first Turkish

trench. We then got the word and over we went. The Turks had now got in their second line, and there was a hail of machine gun and rifle fire as we advanced. We soon got past our first line, then on past the entanglements to the Turks' lines. We had a rest behind the trench, and then over we went. We drove them out of four lines, one after the other, with the bayonet, and did not fire a shot. I was detailed as a grenade and bomb thrower, but did not do much in that line. Our company advanced past the last line of trenches out into the open, and began digging in. We were unsupported and had to retire, but went back again. I was in one of the trenches and stayed there for some time, when we went to man the forward trench.

The charge was a brilliant one, and I got through all right, but it seemed a miracle that anyone could live through it.

The Turks shelled our trench at dusk with lyddite and drove the chaps on the right of our battalion out of their trenches. Then they began with shrapnel, and it was terrible. One by one we trooped down a gulley and manned another trench. Our battalion suffered heavily, and we have lost five out of six officers in our company.

We were in the trench all night and the Turks got round and enfiladed us with a machine gun and rifles. The chaps dropped all round, but I again scraped through. I was amongst those ordered to go outside and lie at angles with the trench to beat them off, but we could not get a proper field of fire. I crept down into a stream and met our C.O., Major Worthington, and as I was speaking he was wounded slightly in the neck. I then got some water and went back to the line, where we stayed a day. I was sent with a message to Head-quarters for reinforcements. I got there safely, and after delivering it had some food and a little sleep. I was then going back with a party to the front line when we heard they would be coming out of it. I stayed in these trenches until they came. I have now been two days out of the line. You will be learning all about us in dispatches, as we are told that we shall be mentioned. We are expecting to have a rest somewhere or other before long, and then we shall feel better.

A lot of chaps I know have been killed and

wounded, but I have pulled through. It is a terrible thing to miss the men who, a few days ago, were all around. We shall be glad when we can get a good wash and change our things. We get plenty of tobacco and some cigs., but can always do with the latter. It is very hot out here, and we have rather big thirsts at times.

Military Training Corps.

We are pleased to be able to report progress in the matter of our recently-formed Corps. Last Whitsuntide we spent a week in camp at Alderley Park, and have every reason to feel satisfied with this our first experience of life under canvas. The bright sunshine and pleasant surroundings inspired us all with a cheerfulness which the arduous duties of orderly and the monotonous tramp of sentry-go availed little to damp. One day we paid a visit to the Manchester Grammar School Camp, a short distance away. Here we were entertained very heartily, and, after a game of "podex," which is a sort of mountain cricket, played with a leather ball and a club, we came away much impressed by the hospitality extended to us. On another occasion we went a short night route march, returning to camp with the dawn.

The general marksmanship of the Corps continues steadily to improve, and there are now four or five members in the running for the Challenge Cup to be presented at the end of term. The most successful so far have been Craig, Orr, A. W., Nesfield, S., and Lord.

We hope to have the uniforms before the end of the term. They are already on order, and before this magazine is issued will probably be to hand. They will mean much to the success of the Corps.

On July 10th we had a full half-day devoted to drill and shooting practice. It is pleasing to note that in this direction also there is great improvement, the movements being executed more smartly and with much greater accuracy.

There still remains the question of rifle drill. It will be necessary before long to obtain rifles for drill purposes, as this must form an important feature of our future pro-

gramme. This difficulty will probably be overcome during the next term, when we shall very likely be able, if not to buy, at least to obtain the loan of service rifles.

The Scouts.

A TOTALLY MISLEADING ACCOUNT OF THE SCOUT CAMP, AND OTHER THINGS.

It is well, when going to camp, to make previous arrangements for having the food with you. That is why the caterer's man carefully took the stuff to the Central Station instead of to London Road. However, the fault was repaired, the food arriving by the next train.

The camp, which was near Bosley, started on May 20th and lasted for a fortnight of almost uninterrupted sunshine.

As the camp was a smaller one than last year, it was possible to run it with more punctuality. In fact, to see us turn out like lambs one morning at 5-30 instead of 6-30, because Ladybird could not read his own watch, was a sight to make angels weep.

One success undoubtedly was the cooking, on which the cooks are to be congratulated, one and all.

The squadron of vegetarians, paraded in fours and eights, and four times a day, sat down on the following succulent menu:—

Grass before meat.

Dish of herbs, with contentment.

Lettuce with a joyful mind.

Grass after meat.

Eau pure; eau Hèque.

(The Censor has no objection to the publication of the above, but does not guarantee its accuracy.)

The majority of the Scouts trekked and spent one night away from camp.

Owing to a generous gift from Mr. Sutton, we were enabled to take one day off from camp, and visited the quaint old hall at Moreton.

The opportunities that camp life gave were better taken advantage of this year. Nature study was popular. Much work, too, was done for the First Class. As a result the

badge has been awarded, under certain conditions, to P. L. Sutton, Seconds Morley, Ellis, T. R. V. Edmondson, and Scouts L. Edmondson and R. W. Webb.

We were happy to welcome the presence of the H.M. and some parents and friends on several days. The nights occasionally were enlivened by incursions, human and equine.

Attempts are being made to get some work for the Scouts during August, but up to the present without success.

CRICKET NOTES.

From the point of view of the bare statement, "played 11, won 5, lost 1, drawn 5," it would seem strange to claim that the past season had been anything more than mediocre, but when we consider that the standard of our opponents has been quite as high as hitherto, it will justify our observation that the season has been well above the average.

This good result is no doubt largely due to the general keenness of all the members of the team. Out of the five drawn games three were in our favour.

On the whole, the batting has been good, there being five totals well over 100, while the individual totals are similarly good. Woollam, our most prolific run-getter, has scored so far practically 200 runs, and three others over 100. Up to now he heads the averages with 19.4.

July, 1915

Palmer comes second in the averages, but he has not maintained the form with which he started the season. Powell and Walker have done well with the bat, although the latter has been rather unlucky on several occasions. Burton, who commenced his first cricket season at the School this year, well deserved his position on the First XI. He has proved his worth as a capable defensive batsman in several games, but as a fast scorer is rather weak.

We have been fortunate in possessing good opening bowlers, but have suffered on occasions from lack of good change bowling. Walker, who holds the best average at present, namely one of 8·8, has bowled consistently well from the beginning. Powell and Neill, who have higher averages, have done most of the bowling, and in most matches acquitted themselves very well. Holden, as a fast change bowler, has been successful, but what we need in this line is a really slow bowler, and almost in every match the want has been felt.

The fielding has been changeable, and, on the whole, poor, although the behaviour against St. Bede's, when we suffered our first defeat, was more than vindicated in the Bowdon College away match, when four excellent catches were taken in addition to good ground fielding.

Up to the present the team has compiled 1,086 runs for the loss of 87 wickets. This gives an average of 12·47 runs per wicket. The corresponding numbers for last year's season were 1,211 for 127 wickets, with an average of 9·5 per wicket.

The Second Eleven has had a most successful season under the able captaincy of Walker, J. M. Opening the season with a drawn game against Bury, against whom Holmes scored 28 and Humphries 34, they next accounted for Bowdon in a very summary manner, Orr scoring 33 and taking six wickets for 8 runs.

St. Bede's were next tackled and disposed of for 28 runs, Walker taking six wickets for 14 runs and scoring 25; Humphries, C. A., with a hard-hit 33 also helped to swell our total. A new fixture with the Cowley Schools, St. Helens, only served to show the excellency of our team. Our new visitors being disposed of for 18, the lesser lights in the batting line were sent in first with disastrous results, 7 wickets

going down for 4 runs. Walker, Orr, Holmes, and Cartwright, however, scoring 79 between them deprived St. Helens of what they thought would be an easy win. The next game against Manchester Grammar Third, was drawn. Bolton were next most soundly beaten, Orr taking 9 wickets for 18 runs, and Walker scoring an excellent 44, Humphries, C. A., also making a merry 30. This form being kept up, St. Bede's suffered very badly, and could only score 26 against our 142, Orr making an excellent 50 not out, and Walker securing 6 wickets for 7 runs. In the two games against St. Bede's, the captain secured 12 wickets for 19 runs, and as an example for future second elevens the team scored 296 runs in the two matches played that week. The last match against Stand was abandoned through rain, after we had disposed of 4 of their players for 18.

Without turning up records of previous seasons, this year's second team must be one of the best that has represented the School, and Walker, J. M., the captain, has played a big part both in the matches and at practices in bringing the best out of the team. Orr, A. W., with his excellent bowling and steady, patient scoring, Humphries, C. A., and Holmes, with their different styles of batting, have given the captain excellent support.

The practices have been well attended, which is, perhaps, the cause of the team's success.

Owing to bad weather no rounds of the Livesley Shield House Championship have been played up to the time of our going to press.

A Sixth Form Cricket Competition has been arranged, but no matches have been played up to date.

In the Cricket League for half-holiday House matches the points are as follows: Heywood 102, Gaskell 76, Byrom 48, Dalton 38. Heywood A and B have won most of their matches, and for them Cartwright, Cadman, Scott, Mallison, and Bevan have batted well. Gaskell B and C have won more points for their house than the A team, for which, however, Mee has done consistently well, while Pullin on the A, Wheatley, Teasdale, Molyneux, and Flinn have made scores. For Dalton Marson and Woodcock, and for Byrom Needham, Taylor, Marsden, and Roberts have been successful with the bat. The results up to July 14th are as follows:—

CHARACTERS OF THE FIRST ELEVEN.

NEILL, D. A. (Capt.).—Has made a very good captain. A good fast bowler; has been unfortunate in batting.

ELLIOTT, C. M. W. (Vice-Capt.).—A good bat, but inconsistent. Keen field and a promising bowler.

WOOLLAM, J. P. V.—The best bat of the year. He possesses a very strong defence, and scores more rapidly than formerly. Safe wicket-keeper.

WALKER, G. S.—A steady medium to fast

bowler. Keeps a good length. Rather slow in the field, but a fairly safe catch. A careful bat.

POWELL, T. D. M.—An excellent fielder. Has bowled consistently well. Keeps a steady length. A confident batter.

PALMER, W. H.—A stylish batsman Very strong on the off. Poor field.

BURTON, C.—A slow but steady bat. Should try and run faster between the wickets. Slow fielder.

HOLDEN, W. L.—A strong, forcing batsman. Useful change bowler, but sacrifices length to pace. Reliable fielder.

HUMPHRIES, N.—A steady, defensive batsman. Should practise scoring. Moderate field.

HUMPHRIES, C. A.—Has recently gained his place in the team. Hard-hitting but erratic batsman. Has played some useful innings. Very weak field.

BRIGGS, J. E.—A promising batter and keen field. Should have practised bowling more.

BARR, J. N.—A moderate batsman, but lacks confidence, and in consequence does not do himself justice at the wickets. Might have shown more enterprise

CHARACTERS OF THE SECOND ELEVEN.

WALKER, J. M. (Capt.).—A most energetic and capable captain. Has kept the team well together. Good with both bat and ball. Always sets the team an excellent example in the field.

ORR, A. W.—An excellent bowler and a steady and patient batsman. Has been invaluable to the team.

HUMPHRIES, C. A.—A forceful batsman who never wastes time when at the wickets. Keen and alert in the field.

HOLMES, J. W.—A steady bat and a useful left-hand bowler. Has made some excellent catches at cover point.

THOM, W. G.—A good bat, but has not had the best of opportunities this season.

- GOODWIN, I. D.—Very unorthodox, but hits well on occasions. A safe field.
- CRAIG, N. S.—Keen and enthusiastic. Has played one good innings.
- CARTWRIGHT, A. E.—Good with both bat and ball. Would develop into an excellent cricketer if he attended the more serious practices at the nets.
- CADMAN, E.—A hard-hitting batsman. Should improve his fielding and attend the practices at the nets oftener.
- STANSBY, G. B.—A useful wicket-keeper, but a poor bat.
- ARMSTEAD, J.—Should make a good second team player next year. Capable bat.
- THOM, A. L.—Has not reached last year's promise, but has been unfortunate.
- BERRY, J. K.—A good left-hand bowler, a keen fielder, but a poor bat.

FIRST ELEVEN MATCHES.

v. BURY GRAMMAR SCHOOL.

April 28th. Away. Won. We lost the toss and were sent to field on a very dry wicket. They were slow in scoring, and one of their batters made most of their runs himself. We dismissed them for a total of 86 runs, Powell taking 4 wickets for 28, and Walker 3 for 23. There was only an hour to play when we went in, and from the commencement we proved our superiority. We became anxious, however, towards the end of the hour, and but for the excellent batting of Palmer, W. H., who contributing 32 himself brought our score up to exactly 87 within one minute off time, the match would have been declared a draw; as it was we can claim a very creditable victory.

v. BOWDON COLLEGE.

May 5th. Home. Drawn. Bowdon went in and made a fine stand, their third wicket falling at 100. Poor fielding, especially in the slips, gave several wickets away. They declared at 116 for 6. Powell took 4 wickets for 30. We went in and were unfortunate in having the wicket spoilt by a shower, after which the bowling became so dangerous that it was only possible to play out time steadily. Burton helped admirably in this. Score:—

v. ST. BEDE'S COLLEGE.

May 8th. Away. Drawn. St. Bede's put us in, and from the start our steady methods, especially those of Woollam, soon took the sting out of the bowling, and for the first time for many years against St. Bede's we passed the 100, declaring at 125 for 5. With an hour to play, St. Bede's went in and mostly failed before our bowling, but the slight stand made by one of their batters enabled them to play out time. Powell took 4 wickets for 22. Score:—

May 15th. Home. Won. We batted first on a dry wicket, and knocked up 93, Woollam and Burton giving us a good start. Manchester Grammar School collapsed after a slight stand, and for the rest of the game seemed to be playing for time. We got their last wicket, however, after an exciting finish, with but five minutes to spare. Neill took 4 wickets for 14, Walker 4 for 13. Score:—

v. COWLEY SCHOOLS, ST. HELENS.

May 19th. Away. Won. We won the toss and decided to bat, making 107 runs all out. There were no large scores made, and many came out through catches, only three being bowled. Our opponents, though smaller than

ourselves, batted very well, but our bowling was slightly above them, and they could only muster 37 runs. Wickets: Walker 5 for 10, Powell 4 for 27. Score:—

v. MANCHESTER GRAMMAR SCHOOL 2ND.

June 5th. Away. Drawn. We put them in, and after a somewhat poor start they knocked up 110 runs. Wickets: Powell 5 for 24. We went in with only just time to win if hard and fast scoring was performed, and probably would have succeeded had it not been for so many delays, such as bats and pads breaking. Time was called when only 17 runs were needed to win. Score:—

v. MACCLESFIELD GRAMMAR SCHOOL.

June 9th. Away. Won. We went in first and failed entirely before their bowling; 6 wickets falling for 24 runs. Then a recovery was made, partly on account of change bowlers, and partly by the fearless hitting of Humphries, C. A., Holden, and Palmer. This brought our total to 68. They commenced their innings and were rapidly overtaking us as each wicket fell. They only needed 12 runs when their eighth wicket fell. In the next over they scored four more, and their ninth wicket fell. Eight runs were wanted with last batsmen in. A wicket fell, however, to the last ball of the

over. Thus, through good fielding and bowling our bad start was redeemed, and our most brilliant victory achieved. Neill bowled very well, taking 8 wickets for 20. Score:—

v. WARRINGTON GRAMMAR SCHOOL.

June 12th. Home. Drawn. We batted first against easy, but persistent bowling, and knocked up 163 runs, chiefly through the united efforts of Woollam, Humphries, C. A., and Powell. Our opponents, resorting to a blocking game, lost 8 wickets for 28, when time was

called. Neill took 4 wickets for 10, Walker and Holden 2 for 7 each. Score:—

v. BOLTON GRAMMAR SCHOOL.

June 16th. Away. Drawn. Bolton lost two wickets for one run, but they made a stand for the next wicket, and the score rose slowly to 107 for 7. Slow blocking tactics continued till all were out for 134. About an hour was left us to make the runs, but our usually slow and steady batters rose to the occasion and hit out in fine style. Woollam hit up 35 in quick time. We were, however, 30 runs behind with one wicket to fall when time was called. Wickets: Neill 3 for 53, Powell 2 for 52, Walker 3 for 25. Score:—

v. ST. BEDE'S COLLEGE.

June 15th. Home. Lost. We batted first, and were scoring fairly rapidly till Woollam was out. After this the hitting fell off and we were all out for 74, Elliott carrying out his bat for 15. St. Bede's started badly, but a long stand was made for the second wicket, and our total was passed with 5 wickets in hand. They then hit our bowling about in a most light-hearted fashion till the score was 143 for 9. It was our first defeat, and judging from

our behaviour in the field we may pronounce it an off-day. Score:—

v. BOWDON COLLEGE.

June 26th. Away. Won. They won the toss and elected to bat, but though they looked at first like making a good score they failed before the excellent bowling of Powell and Walker, well supported by Briggs, one of our reserve bowlers, and were all out for 72. We passed their total with 5 wickets down and brought ours up to 102 for five. Wickets: Powell 3 for 16, Walker 3 for 35, Briggs 4 for 13. Score:—
