

Overview	In Year 9, students consolidate language and structures learnt in Year 7 and 8 and develop their knowledge of increasingly complex grammar structures. We envisage that by the end of Year 9, students are operating as learners with some degree of independence and have acquired an excellent foundation in the Spanish language. We aim to prepare our students for the challenges of the GCSE Language course so they can confidently opt to study Spanish at GCSE level should they wish to do so.
-----------------	--
