## A Night in the African Jungle.

Early in January, 1918, the Motor Transport Company of which I was a member was engaged in recovering derelict cars in German East Africa. The small German force still existing was now some hundreds of miles away in Portuguese territory and we were therefore undisturbed by thoughts of the enemy.

But our minds were by no means at ease. Ever since our arrival at Dar-es-Salaam the previous November, the "old hands" had done their worst to frighten us—chiefly with lion stories. We had of course known that for the most part they were joking. Never

theless, an impression had been made upon our minds, and now that we had come a hundred miles into the bush its effect was being felt. The first night we had been very anxious to have fires near the camp for our protection. We had been less eager to take so much trouble later, and in a few days the fires had been discontinued altogether. Every night, however, the distant roar of the lion had been heard, and it was only in company that we made a show of indifference. Alone, every one of us lost his assurance and made all haste to rejoin his companions.

It was, then, with feelings none too comfortable, that I learnt one night that I was to sleep alone on a car that had stuck in a pool in the road. My rifle was not a trustworthy weapon, but that, as it turned out was of no consequence, for it was quite dark when I lay down about eleven o'clock. Shortly afterwards there was a tremendous, earth-shaking roar. I was very considerably perturbed by its proximity, but we had had a most fatiguing day, and as the noise was not repeated I was soon fast asleep. How long I slept I do not know. I remember becoming slowly conscious of the sound of something moving rapidly through the bush close by. At once I connected this with the roar I had heard before. All the blood-curdling lion stories we had been told now passed through my mind. I became numb with fear. For a few moments the sound of snapping twigs ceased, and I was beginning to breathe again when to my horror I heard the beast break through the undergrowth into the road not many yards away. He came straight towards me, padding along and drawing quick breath like some monstrous hound. He stopped close by the car. Had I put out my hand I could have touched him. Conscious of impotence and paralysed with terror I lay still, waiting for his spring. A moment later I heard him greedily lapping up water.

Half an hour afterwards I climbed cautiously out of the car and hurried up the hill to join my companions.

## Natural History Society.

A field meeting of the above Society was held on Saturday, June 30th. We went by train to Disley, and being delayed on our way by the train stopping not only at all stations, but between them as well, did not reach there till after four. We then made for Lyme Hall, had tea on the hill near by, and going over the moors made for Adlington station, and arrived at London Road about half-past eight, all the party feeling well satisfied with such a pleasant afternoon's outing.

Lectures, as usual, are being arranged for the coming session. New members must join at the beginning of next term by Sept. 30th.

## Swimming.

Classes have been held on Mondays and Thursdays at the Withington Baths, and a large number of boys have attended. The Swimming Sports will be held at High Street Baths on Thursday, July 19th, at 2-15 p.m., provided a sufficient number of entries is obtained.

## The Wireless Society.

During the last term the Society has much improved the apparatus, and the recent meetings have been very successful. By next term a permanent aerial will be ready. The meetings for the Michaelmas term will be held every Thursday, and the subscription will be one shilling per term.

D. N. BEGGS, *Hon. Sec.*

## Cadet Corps.

Our numbers are still increasing and there are more names on our register this term than there were at this time last year.

Again we have to report an excellent Whitsuntide camp, and although we did not have perfect weather we had a thoroughly good time, and all came back in the pink of condition. Our numbers in camp were only one short of last year's record, and the N.C.O.'s helped very materially to make the camp, if not the best, at least one of the best hitherto held. Mr. B. W. Harvey (O.H.) kindly carried on the good work of arranging the transport of our equipment and kit bags to and from Grange, and the Corps is greatly indebted to him.

We are sorry not to be able to report that the Corps has been inspected this term, but we are hoping to have an inspection soon. Unfortunately, this is one of the things on which the War Office have had to economise.

At the end of this term the C.O. and Lieut. Anderson are taking a strong contingent of Cadets to visit the battlefields in France at the invitation of the Essex Territorial Association, who are organizing a ten days' tour for 1,000 Cadets. We hope to have more to report on this visit in the next number of *The Hulmeian*.

We shall want a big number of recruits to fill the places of the Cadets who are leaving school this term, and we want them at once.

The following promotions have been made this term, to date from March 30th.

Lance-Corporals A. G. Campbell and T. B. Allman to be Corporals.

Cadet P. A. T. Clarke to be Lance-Corporal; to date from May 18th.

Cadets N. A. Alston and D. T. Eastwood to be Lance-Corporals.

Second efficiency stripes have been awarded to Cadets Beggs, H. N., Buckley, F. E., Dale, P. M., Eastwood, R. L., Forrest, M. C. and Sherratt, D.

First efficiency stripes have been awarded to Cadets Barnes, E., Ferguson, J., Thorpe, R. M. and Watson, J.

J. A. BARBER, *Cadet Captain,  
Officer Commanding.*

### THE BRADBURY CUP COMPETITION.

The competition this year was played on the Northenden Golf Club's course, on Wednesday, the 4th of July.

Some 25 cards were taken out, 17 of which were returned.

| T. L. Cherry .....   | 103 | — | 14 | = | 89 |

The distinguishing feature of this year's competition was H. G. Crawford's score of 72 gross which, with the heavy handicap of plus 3, placed him fifth on the list. At the supper, Mr. A. W. Bradbury presided and presented the prizes.

The Captain of the Northenden Club in responding to the vote of thanks passed to the Council of the Club for their kindness in allowing the Association the use of the course, cordially invited his guests to repeat their visit.

Mr. A. E. Cadman, the Captain of the Fairfield Club, presented a replica of the Bradbury Cup to the winner of the competition last year, and has generously promised to provide one for the present winner.

A very hearty vote of thanks to Mr. Bradbury for presiding concluded the proceedings.

## CRICKET NOTES.

The season so far (up to the end of June) has been most successful; 10 matches have been won, 4 lost and 1 drawn; the record in school matches is 6 wins to 1 loss. Of the four losses, those against Manchester C.C. and Whalley Range—an unbeaten side in Manchester Club Cricket—were of course foregone conclusions; against a strong Old Hulmeians' side and Manchester Grammar School we made a good fight. We have beaten King Edward's School, Lytham, Willaston School (twice), Macclesfield G.S., Bowdon College and St. Bede's. The record is all the better in that we are playing against stronger teams than in former years. One result of this is that we have naturally had better wickets—in fact, we have had only one really bad one. At the same time, though rain has interfered with only one match, most of the wickets have been slow, and that is against a school team.

The batting has given much less cause for anxiety than in former years; Furmston has improved tremendously and has the best strokes on a fast wicket; A. G. Campbell and Williamson are difficult to get out, especially on a slow ground, and have often put up a good score for the first wicket, while C. D. Campbell is improving in defence and has a powerful drive. All these have scored fifties. A long way behind, but with useful scores to their credit come Jarvis, Ferry, Fowler and Smith, and the tail is doing very well. The fielding has usually been good and sometimes brilliant, while in bowling Williamson always keeps a length, even when he has to bowl for two hours at a stretch, and is far the best. Ferry is also settling down to a length and Smith though erratic, bowls some very dangerous swinging balls. Furmston and A. G. Campbell have also done some good work. C. D. Campbell has been a very good captain, knowing a good deal about placing the field and showing initiative.

Whatever happens in the remaining six matches this year's team is clearly a very good one.

The Second Eleven have played thirteen matches, but have only won six, mainly owing to the many changes that have had to be made. The most satisfactory results have been the two wins against St. Bede's and the match against the University Staff team. Dickson, D. W. and Elderton have been our most dependable batsmen, and Horner, C. E. and Oddy the most successful bowlers. There are two or three promising cricketers for next year in Lowther (who unfortunately met with an accident which has put him out of the team since June) Rains and Lymer, but the bowling will be distinctly weak. G. V. Oddy has made most of the material at his disposal and captained the team well.

The Third Eleven has been captained by R. L. Eastwood, and has won four matches out of five played.

The Under 14 XI. have played 13 matches, of which 10 have been won and 3 lost. The batting is promising, and if only they will keep the right foot steady most of them will do well. Shevloff, S., who has captained the team since Lymer went on to the 2nd XI., has scored freely in good style. Woodward and Proctor have done most of the bowling. The fielding has been disappointing, and many runs have been thrown away by fumbling and poor throwing in. Most of the team need to learn to anticipate the movement of the ball, but Widdows has done consistently good work in the field. The team has been: Shevloff, S. (Captain), Cousins, N. D., Hawley, N. E., Humphreys, W. E., Mountain, G. T., Proctor, F. B., Shevloff, R., Stevenson, R. B., Widdows, E. G., Wilkinson, A., and Woodward, J. Burgess, E. A. and Stansby, W. B., have also played.

### CRICKET LEAGUE.

The points for the half-holiday inter-house competition are as follows:—(6 for First XI. win, 4 for Under 13 win).

Byrom 102, Gaskell 90, Whitworth 81, Dalton 54, Fraser 54, Heywood 35.

### FIRST ELEVEN MATCHES.

#### v. COLLEGE OF TECHNOLOGY.

April 25th. Home. Won. Our opponents began with extreme caution and at the end of an hour had not reached 30. Then however, thanks to looser bowling they scored faster, but it took them two hours and a quarter to reach 107. They then declared, leaving us an hour and a half. A. G. Campbell gave us a good start by scoring 12 in the first over and runs came steadily at just the necessary pace, so that amidst some excitement we passed their total 3 minutes from time. Williamson and Furnston were responsible for most of the runs. C. D. Campbell and Classen sacrificed their wickets for the good of the side by hitting at everything. Score:—

## v. ST. BEDE'S COLLEGE.

May 2nd. Home. Won by 6 wickets. On a soft wicket they scored very slowly, making 48 in just under two hours. The first ball of our innings accounted for A. G. Campbell, but Furmston and Williamson put on 33 for the second wicket; we then collapsed, passing their score with 4 wickets down, but being only seven runs on at the fall of the seventh wicket. The last three batsmen then helped Williamson, who gave no chance in his 50, to add 45. Score:—

### v. MANCHESTER GRAMMAR SCHOOL.

June 1st. Away. Lost by 32. Some very good cricket was shown, especially in their innings. They batted forcibly against length bowling; our fielding was however a little

slack. On going in we began badly, but at 60 for four wickets had a good chance of winning. The tail however got out cheaply. Score:—

## v. WILLASTON SCHOOL.

June 13th. Home. Won by 45 runs. Bad light and occasional drizzle made cricket difficult and we began very scratchily. They did not however accept all the chances we gave them and we reached 125. ## v. MANCHESTER C. C.

June 14th. At Old Trafford. Lost by 4 wickets. We did not have much luck at the start; the early batsmen to whom we look for runs were not completely beaten, but one was bowled off his pads and the others caught from reasonably good strokes. When seven wickets were down for 17 they put on less severe bowling, but our later batsmen did not make

full use of their chances, and our innings altogether was a poor display. When they went in however, a complete change came over the game; our bowling was not more than moderately good, but the fielding was brilliant, and we accomplished a fine performance in getting them out for under 100. ## v. WHALLEY RANGE C. C.

June 16th. Home. Lost by 5 wickets. On our first reasonably fast wicket of the season we lost two wickets at once by playing back to fast length balls, and had a bad fit of muddled running, but Furmston played steadily for an hour and a half and saved the side from disaster. We did not have much luck at the start of their innings, but we scarcely deserved any as we dropped five catches. The weather was cold, but the game was interesting and enjoyable. Score:—

v. MANCHESTER UNIVERSITY 2ND XI.

June 20th. Away. Drawn. On a good fast wicket with near boundaries runs were easy, but they took two hours and a half to make 145, leaving us an hour and a half. We began merrily and put on 60 for the first wicket in three-quarters of an hour, and 40 for the second in under 20 minutes, and then seemed to have a chance of a brilliant win, but after this wickets fell quickly, and at the end we wanted 20 runs with three wickets in hand. v. KING EDWARD VII. SCHOOL.

June 23rd. At Lytham. Won by 28 runs. On a very fast wicket and in a more glaring light than we usually get in Manchester our batsmen were inclined to play late at the ball. However, the ground was small and runs came quickly, a certain number off the edge of the bat. For the third match in succession our total reached 125. They began badly, but the third wicket did not fall till 60; after this we appeared to have the game in hand though runs came so easily that any determined stand would have altered the result. Our opponents were unfortunate in having some of their team away ill. We won by 28 a most enjoyable game, which we hope will become an annual fixture. Score:—

## v. HEADMASTER'S XI.

June 27th. Home. Won by two wickets. Our bowling was steady and was well backed up by the fielding, except that one or two hard drives were fumbled. On a fast wicket against accurate fast bowling we did not make a very good start, but Furmston made some good strokes and C. D. Campbell drove with great power, and receiving help from most of the succeeding batsmen won an exciting match by two wickets. Score:—

## v. WILLASTON SCHOOL.

June 30th. Away. Won by 72 runs. On a fiery wicket we made a good start, and later, Fowler and Jarvis put on 32 for the seventh wicket. Our score of 132 was made in an hour and a half. A fine drizzle then began to fall, but we got them out in an hour and a quarter with a quarter of an hour to spare.
