Key Stage 4

Overview	<p>The art curriculum is diverse and cultural learning encourages awareness, empathy and appreciation of difference and the views of others through a range of topics and artists. Our curriculum is well planned and sequenced in order to upskill students as they develop through the year groups. The projects are wide ranging and open to creativity and independent working, whilst also following the National Curriculum.</p> <p>Pupils can work both independently and collaboratively demonstrating determination and resilience. Importantly, pupils are confident to express their own ideas and creativity with a sense of individual identity. Literacy is prominent within the arts, pupils discuss ideas about their own artwork, peers, and the work of artists.</p>
