

Editorial.

The Cricket Season just at an end will on many accounts be looked upon with satisfaction. Considering the strength of the teams they have met, we have every reason to be proud of the form shown by our representative eleven. After rather a bad beginning they acquired a happy knack of making runs, and for the latter part of the season they carried all before them. Out of fifteen matches we have won nine, lost four, and drawn two, both greatly in our favour. The Second Eleven have had a stronger card than usual, and have acquitted themselves with great credit. They have won ten matches, lost two, and drawn one. The game has also been fairly flourishing in the school generally; the form matches have been contested as keenly as ever, and if the lower games are far from being what they should be, at any rate they show an improvement on last season. Lastly, the vast change this year in the condition of the upper ground, which is noticed by every

visitor to the field, marks off the present season as the first in which decent pitches with good out-fielding have been available for our matches and games. That this has had much to do with the progress of the game amongst us, there can be no doubt.

Special facilities have this term been obtained for boys to visit the Corporation baths, and a great impetus has thus been given to the pursuit of swimming. This has proved a most popular movement, and many boys have availed themselves of this opportunity for learning to swim.

We are glad to hear of the continued success of the School Library, although no further donations of books have to be chronicled. We hope, however, that it will yet meet with the encouragement it deserves from those interested in the school.

Another requirement which we have still to hope for is a Gymnasium of our own. Such an institution is much needed; it would be a vast boon to all boys, and would form an invaluable complement to out-door games.

School Notes and News.

The following gentlemen have been appointed by the Governors to conduct the Midsummer Examination:—The Rev. Henry Ellershaw, M.A., Classical Lecturer, Durham University, in Languages and English; Mr. A. D. Hall, M.A., formerly Science Master in the School, now Principal of the South-Western Agricultural College, in Science and Mathematics; and Mr. H. Foster Newey, of the Municipal School of Art, Birmingham, in Drawing.

In the Manchester Geographical Society's Examination on the Geography of Yorkshire, open to Schools in Lancashire and Yorkshire, the following distinctions have been gained:—First Prize and Duke of York's Prize, H. H. Vlies; Second Prizes, S. R. Oddy and A. White; Certificates, H. Buckingham, A. A. Clarke, P. Knoop, and C. C. Railton. The prizes and certificates were distributed on July 13th by the Lord Mayor, and each boy also received a volume of beautifully executed Italian maps, recently published.

First Eleven cricket caps have been presented to J. H. Wright, C. J. Green, C. C. Railton, and R. G. Clarke; and Second Eleven caps to H. Buckingham, E. Classen, H. Miller, W. J. Young, R. E. van der Veen, G. Classen, S. Atcheson, and J. B. Robertson.

A cricket bat has been awarded to H. B. L. Muth for his score of 86 not out against Parkhurst School, Buxton, and a pair of batting pads to V. S. Booth for his innings of 50 not out against St. Bede's College.

The work of relaying the First cricket ground is progressing rapidly. Nearly 3,000 square yards have been put down this season. Three new rollers have visited the field this season. Of these the first was found to be cracked, and the second met with a serious accident in getting off the lorry. The third is with us still. It weighs about two tons when filled with water, and has already worked wonders on the ground.

We congratulate A. G. Baker on the fine form he has shown this summer for the Manchester Club. His best innings have been 82 not out against Whalley Range, and 51 not out against Cheetham Hill. He has also bowled with effect now and then.

The entry for the athletic sports is again a "record," no less than 202 boys having given in their names. This speaks well for the popularity of the fixture. The

prizes for the sports will be distributed by the Lady Mayoress of Manchester.

The School prizes will be distributed by Mr. Arthur Birley, one of the Governors of the School.

Michaelmas term will begin on Tuesday, September 11th, at nine o'clock. The Entrance and Scholarship Examination will be held on September 10th, at nine o'clock.

We acknowledge with thanks the assistance of our contributors—H. B. L. Muth, V. S. Booth, C. C. Railton, H. Buckingham, W. J. Young, and the scorers—H. P. Pearson, R. H. Pearson, P. L. Ford, and C. S. Youatt.

We are indebted to E. Shorrocks and J. C. Tyson for the reports of the Old Hulmeians' Cricket.

Back numbers of the *Hulmeian* can be obtained from Mr. Sykes, at the School office.

The Library.

Since our last number the Library has much increased, but the increase has been more in books than in members. While nearly a hundred books have been added, only about twenty new members have joined. This, although a very fair average, is lower than was expected, owing probably to the fine weather and the enthusiasm for cricket now prevailing. The books which have been recently added are of all classes, fiction, science, travel, history being represented, but not poetry. The foundation of a reference library, for the use of the upper forms, has also been laid. At present this consists only of a few works on science, history, and geography, and there is much room for improvement in this department, as there are many books which, without being absolutely indispensable, would yet be of great use to boys during their school career, and perhaps not much afterwards. During the last term a special committee for book buying was appointed, and the result of their work is seen in the increase of the number of books above mentioned. The only assistance the Library has received this term in the way of donations is the extremely acceptable gift from the School of a large bookcase, made in the workshop by A. L. Allen, E. A. Brown, and R. H. Pearson, to whom we owe our heartiest thanks for the time and trouble they have spent on it. The officers for the present term remain the same as before, except that Swinn has become treasurer. The Chess and Draughts

Club, having broken up, has presented the balance of their funds to the Library. The Library is only in its second term, and if it goes on increasing at the present rate, it will in 1897 embrace the whole School, and contain over 2,000 volumes.

The Museum.

The Museum will be open on the Sports Day, and at certain times, to be fixed, every week next term. It now contains a fine collection of minerals and rocks, and a good number of curiosities and objects of general interest. Many of the former we are prepared to exchange; and the number of the latter is gradually increasing, though it is not so large as it should be considering the museum has been in existence so many years. In addition to what was said in the last number of the *Hulmeian*, we would mention that *loans* of specimens will be thankfully received, the lender being at liberty to take them away at his pleasure. We conclude in thanking the numerous patrons of the museum, especially the Head Master, who has made valuable contributions this term.

C. O. G. MUTH, }
H. P. PEARSON, } *Curators.*

Swimming.

Arrangements have been made this term for boys at the School to visit the Corporation swimming bath in Leaf Street, and a fair number of boys have taken advantage of this opportunity of learning to swim.

We visit the baths on Wednesdays at 3 o'clock and Fridays at 4-30, the average attendance being 53. There are a number of boys who have only commenced bathing this term, and who are able now either to swim or to keep both feet off the ground for a time. It is hoped that these boys will persevere during the holidays, especially if they are fortunate enough to find themselves at the sea-side.

Next term a series of races will be held for competition amongst boys of the School, and boys who are leaving this term will be eligible. The Humane Society of Salford will also renew their offer of a medal for competition in the art of saving persons from drowning.

CRICKET NOTES.

Although the weather has not been so favourable for cricket as last season, yet we have played matches on every half holiday with only one or two exceptions. The card has included three new fixtures—namely, Sandbach School, Hyde Grammar School, and Stand Grammar School. We found little difficulty in defeating the two latter, but with the former matters were far different.

In fact from our first match with Sandbach, which was played on their ground, we returned home crestfallen, for we were sadly beaten. But this defeat, coming as it did immediately after an even more serious reverse at the hands of the Old Hulmeians, incited our First Team to more assiduous practice. Since then they have steadily improved, and as a proof of this they had the gratification of winning the return match with Sandbach. We lost both of our matches against Bowdon College, but it is only fair to mention that in the first of these we were without the assistance of four of our best players. The return match with them was lost owing to our bad fielding, but with this exception the fielding throughout the season has been generally good, and has steadily improved from the beginning, which improvement we consider to be due in a large measure to our new form of practice games. The batting averages show that our team are strong in this branch of the game—in fact, every boy in it is capable of making a score. Wright, who has been the chief bowler this year, has been most successful with the ball. He has taken 54 wickets for 204 runs, thus having an average of 3.7 runs per wicket. Youatt has proved an excellent change bowler, for he has obtained the best average so far, having taken 17 wickets at a cost of 3.5 runs each. H. van der Veen, although he has greatly improved in batting, has not been so successful with the ball this year as last, chiefly on account of the unfortunate habit he has acquired of bowling to leg. Muth was elected captain of the team at the commencement of the season, and has justified his selection by the able manner in which he has performed his duties. The Second Eleven contains several promising cricketers, some of whom, we hope, will do as well for the First Eleven next year as they have done for the Second during this season.

In the lower games there is much room for improvement. There are many boys who have the making of really good cricketers who hardly ever touch a bat. Why they show this lack of keenness about the school games we are at a loss to understand. Some say that they do not like cricket, but the majority of these have either never played at all or have not played enough to give the game a fair chance. The hope of representing his school at some future time on the first or second team should in itself be sufficient stimulus to every boy to do his best to excel in the game. It should be remembered that in order to make real progress in cricket regular practice is necessary.

We were unfortunately only able to retain the services of Wall for the month of April. He left us to go to Rugby where we are sure that his services will be as much appreciated as they were by us. As a mark of the interest he continues to take in our cricket he has very kindly presented the bat for this season's best average.

In the early part of the season we were again favoured with a visit from Alec Watson, who treated the first team to some real county bowling for a couple of hours. The large muster of boys at the nets was sufficient to show how grateful we were to him for his visit.

This year most of our First Team will leave us. We sincerely hope that they will keep up their cricket, and we confidently expect to hear of many of them doing good service for the Old Hulmeians Cricket Club next season.

Muth's innings of 86 not out against Parkhurst is the highest score made for the School since A. R. Lowe made 102 against the Deaf and Dumb Schools in 1889.

Among the noticeable features of the season we may mention that four matches were played and won by the School on June 27th, in one of which our opponents were dismissed in their second innings for one run.

CHARACTERS OF THE FIRST ELEVEN.

MUTH, H. B. L., captain, has made a very good captain, bats well, fields extremely well, and makes a good change bowler.

BOOTH, V. S., vice-captain.—Invaluable to the team; when once set is very difficult to remove, bowls with his head, and is very quick at coverpoint.

CLARKE, L. C.—The steadiest bat in the team, and a safe fielder.

YOUATT, E.—Hits freely, but not in style, has bowled remarkably well towards the end of the season, and is very sharp at point.

VAN DER VEEN, H.—Has batted well this season, but has not been quite as successful with the ball as last season; a fair fielder.

ROWBOTHAM, A. E.—Bats fairly well, but has not come off much this season; invaluable in the long field.

SWINN, C.—A very strong hitter, and has kept wicket well.

GREEN, C. J.—A capital longstop, can bat, and has lately come out as a bowler.

WRIGHT, J. H.—The best bowler in the team, bats well at times, but with a style of his own.

RAILTON, C. C.—A very careful batter, with a good forward play, and a sharp fielder.

CLARKE, R. G.—Plays a steady game, and is a good fielder in the slips.

CHARACTERS OF THE SECOND ELEVEN.

BUCKINGHAM, H. (captain.)—A good bowler, and has captained the team with success.

YOUNG, W. J. (vice-captain.)—A fair bat, with good hitting powers, but very little defence. Fields well in the long field.

CLASSEN, E.—A really promising bat. Fields well at point, and is a good change bowler.

CLASSEN, G.—A fair stumper, and has made some good scores during the latter part of the season.

ROBERTSON, J. B.—A good bowler and a fair bat, but is rather inclined to hit at every ball.

VAN DER VEEN, R. E.—Bats very well for his size, and fields well at cover point, when awake.

ATCHESON, S.—Makes the ball go when he hits it, but does not always know where it is. A useful fast bowler.

ODDY, S. R.—A careful and steady bat, and has done some good service in the field.

MILLER, H.—Has frequently played for the First Eleven. A good steady bat.

MASON, R. L.—A poor bat, but bowls very well at times.

HOBDEY, C. W. G.—A very strong bat, but would do better if he kept the ball nearer the ground. A smart field.

FIRST ELEVEN MATCHES.

Saturday, May 5th, v. Old Hulmeians. Played on our ground. We won the toss and decided to put them in, Baker and Shorrocks opening their innings. Shorrocks was caught at mid-on off the last ball of van der Veen's over, and Smith was bowled by Mr. Franklin the next over. But when Lowe joined Baker things became a little livelier. Runs came quickly and the score was raised to 33 when Lowe was out lbw from Wright's bowling. Amos was soon bowled by Muth, but Ellis helped to raise the score to 66 when he was bowled. Youatt and Baker carried the total to 96, at which point the innings was declared closed with five wickets down. Mr. Franklin and Mr. Brown opened the innings for the School and raised the score to 20 when the latter was bowled by Amos. Clarke left next ball, and the wickets

fell fast before the bowling of Amos. The innings closed for 34, of which Mr. Franklin made 12. Booth and van der Veen were the only ones of the regular team to score. Muth did not bat.

Wednesday, May 23rd, v. Sandbach School. Played at Sandbach. Our opponents batted first on a wicket which soon proved to be exceedingly fast. L. C. Clarke could not play, and we had to start without Booth, who

missed the train. Runs came very fast especially from byes and overthrows. Van der Veen took the first wicket with a shooter, and the second fell at 30 to a catch in the slips. Runs still came fast and 50 soon appeared, but at 52 White was caught at cover-point for a well hit 26. Fawssett was the only batsman who continued to do anything, the tail being very weak, and the innings ended for 76, Fawssett not out 26. Our fielding was poor at first, but it gradually improved. When we went in to bat, wickets fell fast before the bowling of White, whose pace was too much for us. The innings closed for 28. Sandbach went in again and this time we disposed of them faster than in the first innings, owing to much better fielding and the addition of Booth. Fawssett again made a good score. Before returning we enjoyed the hospitality of the Head Master.

Saturday, May 26th, v. St. Bede's College. Played on our ground. This match had been arranged for an earlier date, when the weather had prevented play. On this occasion we were favoured with better weather, and for the first time were able to bring the St. Bede's fixture to a definite conclusion. Swinn was away from our team, so Clarke, L. C., kept wicket, and Miller took Clarke's place in the field. Muth, winning the toss, decided to bat, and Clarke accompanied him to the wickets. Runs came fast from the first, till Clarke was bowled at 17. Booth came in, and runs came quicker, both batsmen making some good strokes. Muth was caught for 16, with the score at 40, and was succeeded by Youatt, who remained with Booth till our total was 77, when he was run out for 11. van der Veen now came in, and the scoring continued, though Booth slowed down on approaching his 50. The innings was declared closed at 110, Booth having made 50 in very good style without giving any chance, and van der Veen 19 not out. The play was slow at the start of St. Bede's innings, several maiden overs being delivered. Wright took the first two wickets, which fell for 4 runs. Sharp and Ricketts now made a stand and took the score to 22, when the former was run out. Soon after another man was very smartly run out, Booth throwing in well, and Wright putting the wicket down. The rest of the wickets fell quickly before Booth and Muth, the innings closing for 35. Our fielding throughout was good; Miller's catch being especially worthy of notice.

Wednesday, May 30th, v. Parkhurst School, Buxton. Played on our ground. We won the toss and batted first, Muth and L. C. Clarke going to the wickets. Muth did most of the scoring, and soon lost the company of Clarke, who retired at 5, and Booth did not stay much longer. Muth was out sixth, with the score at 20, of which he had made 17. Green, R. G. Clarke, and Miller played carefully, and made valuable contributions to the total. When Parkhurst went in, the first wicket fell in the first over to van der Veen. After this, their score rose rapidly, till Wright took the next wicket at 14. Grover was caught by Rowbotham in the long field for 12, five wickets being down for 23. After this, the innings came to a rapid conclusion. We went in a second time, and the scoring was an improvement on the first innings. Muth and Clarke put on 26 for the first wicket, when Muth was caught and bowled, and after Clarke had retired at 29, Booth and Youatt continued the scoring, and put on 54 runs for the third wicket. When time was called, our total was 92 for four wickets. After the match was over, the Head Master entertained the two elevens to tea in the dining hall.

Saturday, June 2nd, v. Hyde Grammar School. Played on our ground. Our opponents won the toss, and went in on rather a wet wicket. The first batter was run out in the first over, and wickets fell very fast, van der Veen bowling splendidly. The innings realised 16. Clarke and Muth opened our innings, but the latter was caught in the slips in the first over. Booth joining Clarke began to hit about, and the score was carried to 80, when Clarke was bowled for a well played 26. Booth was out soon after for a lively innings of 48. The innings was declared closed at 103. They started batting again

to the bowling of Booth and Muth, and fared rather better than before, their innings realizing 41, of which G. Classen, playing as substitute, made 11. Our fielding was not so good as it might have been, especially in the slips, but this may have been owing to the wet ball.

Wednesday, June 6th, v. Bowdon College. Played on our ground. We were without Muth, Rowbottom, van der Veen, and Swinn. They won the toss and decided to bat, but started badly, one man being run out in the first over. After this, a short stand was made and the next wicket fell for 16. Wickets fell fast, but a valuable

stand was made towards the end of the innings, to which an end was put by a smart catch of R. G. Clarke disposing of Atkinson, who had made 19. The innings closed for 59. Clarke and Youatt opened our innings, but only 14 had been scored when Clarke was bowled for 3. Booth did nothing, and Youatt soon after retired for a good 13. Green then played well, assisted by R. G. Clarke, but was clean bowled by Bridgford, who was too good for us. Railton and G. Classen batted creditably but were unable to stave off defeat, the last wicket falling five minutes before time, leaving Bowdon winners by 13 runs.

Saturday, June 9th, v. Stand Grammar School. Played at home. We won the toss, and went in first on a wet wicket. Clarke and Muth opened the innings, and from the first played the bowling easily, but at 17 Muth was clean bowled, and Booth joined Clarke. Clarke, however, at 24, was dismissed for 11, but Booth and Youatt did what they liked with the bowling. At 53 Youatt's middle stump was upset, and van der Veen joined Booth. The score was again rapidly raised till at 96 van der Veen was bowled for 22, and the innings declared closed, Booth being 27 not out. Our opponents' first wicket fell for no runs, and the second for two, van der Veen bowling very well. Only one of their men made a score, 18 not out, the others being unable to play van der Veen and Booth. The innings closed for 28 runs.

Wednesday, June 13th, v. Bowdon College. Played at Bowdon. We went in first, but except Rowbotham and Booth, we could do little against the bowling of Bridgford and Wood. Rowbotham could get no one to stay

with him, and carried out his bat. Our opponents' first wicket fell like ours for one run, and three wickets were down for nine, when some sort of a stand was made, and the fourth fell for 21. Eight wickets were down for 32, with six runs still required to win. Another stand was then made, and our total passed, the ninth and tenth wickets falling for 48. We scored rather more freely at the second attempt.

Saturday, June 16th, *v.* Bury Grammar School. Played on our ground. Bury Grammar School won the toss and after some hesitation decided to field. Muth and Clarke opened our innings and runs came slowly, but with the score at 15 Muth was dismissed for a well-played 13. Booth and Youatt did not give much trouble, both being out with the total at 17. Van der Veen now partnered Clarke and runs came very slowly, but at 22 van der Veen was unfortunately run out. Rowbotham was the new-comer and played very carefully, but at 35 he lost the company of Clarke who had been in a long time for 8. Railton, Wright, and R. G. Clarke assisted Rowbotham to bring the total up to 63, at which point Clarke was bowled, and Rowbotham, as in the previous match, carried out his bat, having made 20 by good play. Our opponents were in no hurry to bat and did not appear at the wicket for fully 15 minutes. Their batsmen did not give much trouble at first, five wickets being down for 12 runs, but for the sixth wicket more of a stand was made. Time was called with seven wickets down for 24. Our fielding was not good, several mistakes being made. Wright, however, distinguished himself by securing 6 wickets for 6 runs. Van der Veen taking the other for 5.

Wednesday, June 20th, *v.* Eccles Grammar School. Played on our ground. We won the toss, and decided to bat on a wet wicket. Clarke and Muth opened the innings, and the score rose steadily till Clarke at 9 played on. Booth came in and began to score freely, but at 19 he lost Muth, who was bowled by a full pitch. Youatt assisted Booth in raising the score to 50, when the latter was easily taken at cover point. Youatt did not stay much longer, being bowled for a well-hit 23, in which were two fives, and three threes. van der Veen and Swinn put on 33, when the former was dismissed by a good catch at point. Swinn was soon after bowled for a well played 23, and the venture closed for 100. Eccles Grammar School lost the first wicket in the second over, lbw to Wright, who proceeded to get the second caught at cover point, and quickly disposed of six more batsmen. The innings closed for 18, Wright having taken eight wickets for two runs. Our fielding was a great improvement on the previous matches, especially in the slips. Eccles followed on, and succeeded in making 24 for no wicket, when Youatt was put on. He got the first man caught in the long field, immediately bowled another, and got the next out to a good catch by L. C. Clarke at mid-on.

Wednesday, June 27th, v. St. Bede's College. Played in splendid weather on their ground. We lost the toss and had to take the field first. The bowling was shared by van der Veen and Wright, but after a couple of overs Green took the ball from the former and off his bowling a smart catch in the slips was made by R. G. Clarke, and shortly afterwards the St. Bede's captain was out lbw to the same bowler, two wickets being down for 14. By some smart fielding two batsmen were run out, and the fifth wicket fell to Booth, who also obtained the next two. Fifty appeared on the board with seven wickets down when Youatt was put on, and the change proved effective; White, who had been in a long time, was clean bowled by a yorker, and the last wicket fell for 56. Our fielding was very good all through, and but for this their score would have been much greater. L. C. Clarke and Muth opened our

innings and 20 appeared before the former was bowled by a fast one, and at 29 Muth was out lbw for 18. Booth and Youatt brought the total up to 41, when Youatt's middle stump was lowered by a ball with a big leg break. Booth left soon after for 11, and Rowbotham was clean bowled next ball with the score at 46. Swinn, however, made things lively, and assisted by van der Veen put the issue of the match beyond doubt, making the winning hit by a capital leg stroke. Time was called with nine wickets down, and the score at 83.

Saturday, June 30th, v. Macclesfield Grammar School. Played in hot weather on our ground. We went in first to bat, Muth being accompanied to the wicket by Clarke. The bowling seemed to suit Clarke, who played it with considerable ease, but Muth, after making 3, was out lbw. Booth was caught in the slips off the first ball he received, but Youatt stayed with Clarke till 28 runs were scored, when he was bowled for 11. Van der Veen did nothing, but upon Rowbotham joining Clarke some fine play was seen, Rowbotham hitting freely and stealing runs in grand style. Clarke, who had survived an appeal for a catch at the wicket, was bowled off his hand when he had made 22. Swinn at once started to knock the bowling about, but soon lost Rowbotham, who had played excellently for his 24. Railton took his place, and Swinn continued to score very freely, 33 runs being added before Railton was out for 9. Swinn slowed down a little with a change in the bowling, and when partnered by R. G. Clarke was run out for a well-played 42. The innings realised the total of 131, R. G. Clarke carrying out his bat for 7. Macclesfield had an hour and a half before them, and after two wickets had fallen for 17 runs they began to score more freely, and 42 runs had been made before Muth effected a separation. For the fifth wicket also a good stand was made, 19 runs being added. Youatt bowled very well during the latter part of their innings. Our fielding was not up to the mark, two important catches being missed. The two elevens had tea together afterwards at the Head Master's invitation.

Wednesday, July 4th, v. Parkhurst School, Buxton. Played at Buxton. Winning the toss, Muth went in first with L. C. Clarke, who was run out for 8, with the score at 15. Booth stayed while 21 were added, and then made way for Youatt. A long stand followed, the two batsmen playing a steady game, but nevertheless hitting freely. 51 runs were put on before Youatt was out lbw for a capital innings of 34. van der Veen did not stay long, but with Rowbotham as partner Muth punished the bowling severely, and when the innings was declared closed he was not out for the fine score of 86, which included twelve fours, two threes, and eight twos. Rowbotham also carried out his bat, and the total was 161 for four wickets. Parkhurst's first wicket fell for 8 runs, but a stand was made for the second, which fell at 39. Their captain then came in and played a very steady game, and through his and Grover's agency a defeat was averted. When time was called, seven wickets were down for 88. We were afterwards entertained to tea by the Head Master.

Saturday, July 7th, v. Manchester Grammar School. Played on our ground. We were fortunate in the toss, and Muth and Clarke opened our innings. The latter put the first ball through the slips for a single, and Muth got the last ball of the over to leg for 5. Muth continued to do all the scoring, and at 22 was bowled for a dashing innings of 21. Booth put a ball into cover-point's hands, and off the next ball Youatt was missed at leg. Then followed some good hitting by Youatt, and steady play from Clarke, bringing up the fifty, shortly after which Youatt was bowled off his pads for a well played 10. Van der Veen joined Clarke, and hit up runs quickly, till, jumping out at a ball, he was stumped at 76. Two more wickets fell for the same total, Rowbotham being out lbw, and Swinn caught in the long field. Railton played a steady game with Clarke, making runs by well placed balls to square leg. Clarke, however, who had been in from the start, and had made

19, now gave a chance to point, which was not accepted, but was easily taken in the slips off the next ball. His innings was one of the best that he has played this year, the only chances being the two at the end. Railton was bowled by a good ball from Butler for a well played 15. Wright and Clarke brought up the 100, and the innings closed for 104. Jones and Butler opened our opponents' innings, and started knocking about van der Veen's bowling, 9 runs and 2 byes coming from the first over. At 15 however, Jones was well caught behind the wicket by Swinn, and soon after Butler was run out, and Ugarte bowled. Five wickets were down for 23, when a stand was made, Bradley and E. England forcing the game effectively. But with the score at 50 Youatt got the latter caught in the long field by Booth, who took the ball a few inches from the ground. The next wicket added 14, and fell to Booth. Bradley was driven back on his wicket by Muth, having played well for 18. The last batsmen were bowled by Booth, the innings closing for 64. Our fielding, in spite of the hard ground, was good, and Booth deserves praise for his splendid catch and his bowling.

Saturday, July 14th, v. Sandbach School. Played at home. We won the toss, and Clarke and Muth opened our innings on a very dry wicket, but with only a single on, Muth was well caught at the wicket. Booth joined Clarke and at once began to score, losing his partner however with the score at 15. Youatt was run out, and Rowbotham played well for 6, four batsmen being out for 30. A good stand was then made by Booth and Swinn, 22 being added before the former was bowled for a very good 28. Swinn left at the same total. (Six for 52.) The last batsmen between them brought the total up to 71, Robertson hitting the first ball he received for 4, and being bowled by the next one. Hill and Swinburne opened our opponents' innings, but in his first over Wright bowled Hill with a bailer, and after 11 runs had been scored was again successful. Their two best men were now together, and runs came for a time until Wright caught and bowled White, and clean bowled two more, five wickets being down for 24. Fawssett and Ridlington put on 12, when the former was bowled. Youatt was put on shortly afterwards, and quickly took three wickets. Wright bowled splendidly, taking the first six wickets for 13 runs, and altogether seven for 20. Tea was kindly provided by the Head Master after the match.

SECOND ELEVEN MATCHES.

Saturday, May 5th, v. Old Hulmeians Second. Won. Played on our ground. We won the toss, and put them in to bat. Most of the scoring was done by their first three batsmen; three wickets were down for 37, and the rest were rapidly disposed of. Bennett took 7 wickets for 12 runs, and Buckingham 2 for 39. When we went in Bennett and Buckingham did not stay long, but Classen E. played steadily, and the rest of our batsmen scored freely, the fielding being rather loose.

Wednesday, May 23rd, v. Woodlands School. Played on our ground. Drawn. We won the toss and batted first. Bennett, who went in first and was out seventh for 33, was the chief scorer. Bennett and Hoy shared the attack when Woodlands went in, and at first met with success, two wickets being down for 7, and 4 for 27. Then the batsmen began to score freely and to defy bowling changes, and we were fortunate in making a draw of it. Our fielding was shocking, many easy catches being missed. Bennett's three wickets cost 32 runs and Hoy's 34.

Wednesday, May 30th, v. Stockport Grammar School. Played on their ground at Stockport. Won. E. Classen and Bennett put on 31 runs before the former was out, and was at once followed by Bennett and Buckingham. Railton, however, was assisted by Atcheson in putting on 34 runs, and later on by Young, who helped him to bring up the total to 105. We had none too much time to get our opponents out, and a good stand was made

by Wright and Oldham for the seventh wicket. Their last man came in three minutes before time, but was caught off the first ball. Our fielding was very good, the catches of Robertson and van der Veen being especially commendable. Bennett took 5 wickets for 22, and Atcheson, who was put on towards the end and finished off their innings, took 4 wickets for 4 runs.

Saturday, June 9th, v. Nicholls Hospital. Played on our ground. Won. Five wickets were down for 33, of which W. J. Young made 14, and eight were down for 42, when van der Veen joined Oddy, and a good stand was made, 21 runs being added. When Nicholls Hospital went in, the bowlers had it all their own way till seven wickets had been disposed of for 8 runs, when a short stand was made for the eighth wicket. Buckingham took six wickets for 11 runs. In our second attempt half our men were out for 14, when Hobdey came in and hit about. He was joined by Buckingham, and they brought the total to 42 for seven.
