## Editorial.

"What so good when Time is sunny  
And the air is sweet as honey,  
As the game of crease and wicket,  
England's proper pastime, cricket?"

THIS year, grumblers may say that sunny days and balmy air have been rather the exception, and that, instead, we have had more than our share of cold and biting winds. Readers of this number will, however, admit that we have not allowed the unpleasant weather to interfere with our activity in cricket, though it does need some effort to look cheerful when umpires are wearing overcoats.

An enormous number of matches have been played—nearly 60, without counting Form

Matches. The First Eleven have come out with six wins, five defeats, and four drawn games (two in our favour); the Second have won ten, lost six, and drawn one; the Third have won six and lost five, while the best record is held by the "Under 14," who have won nine and lost two.

Throughout the School the popularity of the game has certainly increased this season. In the number of boys playing cricket on half-holidays the Games Register shows an improvement, even on the excellent figures of last season. Practically the whole of the junior forms turn out regularly, and there is a large number of boys in the School who have not missed playing cricket on any

occasion this term. The actual number of boys taking part in cricket on half-holidays has averaged 125.

The increasing success of Old Boys in local cricket is a pleasant feature of the season. For evidence of this we refer our readers to the long list of good scores made by Old Hulmeians, which we print in this number. In bowling, also, excellent work has been done.

There is no alteration in the list of events, which is the same as last year.

A vote of thanks has been accorded by the Games Club Committee to the following ladies and gentlemen, who have kindly offered prizes for various events: Miss Hall (half-mile), Mrs. Green (sack race), Mrs. J. Throwing cricket ball, Open .....	4 15
Throwing lacrosse ball, Junior.....	4 30
Throwing lacrosse ball, Open .....	4 45
High jump, under 14 (Preliminary) ..	5 0
High jump, Open (Preliminary) .....	5 15
Broad jump (Preliminary).....	5 30

On the afternoon of the Sports boys must keep off the course except when actually competing for an event. Boys should be careful to get in the heat for which they are down on the programme, otherwise they will be disqualified.

The Old Hulmeians Race, which this year is 220 yards, is placed as late as possible in the programme, for the convenience of competitors coming out from town, and will be started about 5-30. Among the entries for this race are H. C. Swindells and

O. J. Wilkinson, the cup-holders of last year and the year before, respectively, so a good struggle may be expected.

## Swimming.

Three instructors have been engaged this season in teaching swimming, and over 90 boys are either under instruction or practising the art. About 60 boys, on the average, have attended the baths each Monday and Thursday, and we hope to have considerably over 100 swimmers in the School by the end of the season. We are afraid that it will be found necessary to raise the fee for instruction next year, as not less than three instructors are required for the success of the class, and the expense is hardly covered at present.

The School Races and Life-saving Competitions will be held in September next, and we hope to have a strong entry and keen rivalry. Three medals have again been offered by the Humane Society of Salford.

## In Camp at Aldershot.

By HAROLD P. BROWN.

We paraded at 10 o'clock on Saturday night at the Stretford Road Drill Shed, and marched as far as London Road Station, where, after some delay, we entrained at about 11-45 p.m. Notwithstanding the late hour, there were many hundreds of people to see us off. The journey was very tedious, as it was dark most of the way, and, being Sunday morning, we had to restrain our overflowing spirits somewhat. After numerous delays we finally detrained at the military siding, Aldershot, at 8-15 a.m. It was a beautiful morning, the sun blazing down with unusual force.

We had a march of three good miles to our camping ground, "Cove Hill," near North Camp. The tents were pitched on a slight rise, from which we had a good view of the Long Valley and Laffan's Plain. We were jolly thankful to get our equipment off at last, I can tell you. There being an unusual number of men in camp (nearly 1,000), we had to put up with 10 in a tent. There were five Old Boys in ours. We were served with breakfast at 10-30—bread and fried bacon. Then, as there was no parade, we employed the morning in straightening up generally. The dinner call was blown at two o'clock, and you may be sure were ready for it. The "menu" was roast beef, potatoes, and beans.

We found it rather crushed sleeping in a tent, but, as it was fine, we managed fairly well. Of course, it meant one of us sleeping with his feet half-way up the tent pole, but small inconveniences like this have to be put up with when camping out.

We were hauled out at 5-30, and paraded at 6 o'clock. The drill consisted of manual, firing, and bayonet exercises. We were dismissed to breakfast at 8, and then had to clean up for dress parade at 10 o'clock.

The drill this year differed very widely from that of former years, being entirely the attack in extended order, the most essential part of which, we were told, was to seek as much shelter as we possibly could, even if it was only a blade of grass.

We came off parade about 2-30, and then had dinner. This finished the work of the day; but we did not feel like doing much beyond lying about on the grass, as the heat was terrible. Even by this time many of the fellows' faces were swelled beyond recognition. We heard there was a canal not far off, so some of us went for a bathe. When we got there we were told that if we went in we should get taken prisoners, and get seven days in "quad"; but we managed to elude the guards, and had a lovely swim. Military law is very strict at Aldershot; men are hauled up before the authorities for very slight offences. It was practically the same routine all week, except Wednesday, when we ("I" Company) had to go to Ashrange for a special musketry course. We had breakfast at 7 o'clock, and paraded at 9 in heavy marching order. It was the hottest day we had in camp by a long way, and it fairly burnt the skin off our faces, necks, and hands. We had a five-mile march to the range, then we started straight off firing at 300, 400, 500, 600 yards respectively. We had to fire 60 rounds in magazine volleys and rapid magazine independent. Considering this was the first time the magazines had been used, the work was got through very well. The firing at 300 yards was done with fixed bayonets. We marched back, and arrived at Cove Hill at 3-30. There is one very good thing about Aldershot, and that is that the natives make their living by selling lemonade, cake, pine-apple, sherbet, &c. I don't think there was anybody in "I" Company that day who did not drink over a quart of the various mixtures, besides eating numerous oranges, &c. A detachment of us (about 250) came home on Saturday, June 9th. We had

breakfast at 7-30 a.m., and that was the last we saw of food or drink till 9 p.m., when we got home.

The second week was similar to the first, except on Monday, when there was a big field day, employing over 30,000 regulars and volunteers.

The remaining part of the battalion came home on June 16th. The men of this lot profited by our fast on the Saturday before, each man being served with a loaf of bread, piece of cheese, polony, two hard-boiled eggs, and some salt. Everybody enjoyed the camp, and said it was one of the best they had had at Aldershot.

The Annual Inspection took place the following week at Heaton Park; there were between 1,400 and 1,500 men of all ranks on parade.

## CRICKET NOTES.

Whatever may be said of the quality of this season's cricket, the quantity has been abundant. With cricket reporters reiterating dreary complaints against the weather, with dismal tales of matches cancelled, abandoned, interrupted, drawn, or postponed through rain, it surprises us, on looking back upon our record for the season, to find that on only two half-holidays

has rain prevented play on the School Field. Consequently more matches, both home and foreign, have been played than in any previous summer.

We depended upon three of last year's First Eleven and five of the Second to form the nucleus of our First Eleven for this season. Of these, seven have played regularly for the First, whilst experiments have been made from time to time to find a "tail" worthy of so august a "body." On the whole, there has been no cause for regret in our choice of a tail. Frequently, owing to the monopoly of the batting by the body, it has had little opportunity of distinguishing itself in this department of the game; but on occasions when the body has seemed possessed of little or no life, the tail has shown signs of intense vitality. On one very memorable occasion it managed to make a respectable total out of what, by the ordinary rules of proportion, should have been our lowest aggregate score for the season. If only they had shown themselves equally alive in the field!

Our Fixture Card continues to undergo the process of change. Three schools, which we beat in all our encounters with them last year—Sandbach G.S., Lymm G.S., and Park Hurst School, Buxton—for various reasons, have disappeared from this year's card. To fill the vacancies thus made in our list of fixtures, matches were arranged with Owens College (Second), Stockport G.S., and Chorlton Congregational, teams which our First Eleven had not met before. The Owens match was cancelled owing to rain. Stockport for many seasons have played our Second Eleven. Generally they have been beaten by us, but last season each team won one of the two matches. This year they desired to meet our First Eleven, and lost to them in both engagements. Chorlton Congregational, having been beaten by our Third Eleven last season, at the beginning of this played our Second Eleven, and met with the same fate. Nothing daunted, they attacked our First Eleven later on only to be beaten once again. Bury G.S. are old friends of ours, but for the last few years we have not seen anything of each other; now that Bury has become a sister school in connection with the Hulme Trust, it seems natural that we should exchange visits at least once a year. We met Victoria College, Congleton, for the first time, on their ground. It will be remembered that our match with them last year was cancelled, owing to a common desire to see

the Test Match at Old Trafford. They are not a strong team, and we found little difficulty in winning by more than an innings.

Of the 15 matches played by the First Eleven so far, six have been won and five lost, whilst four have been drawn—two of these decidedly in our favour. St. Bede's College and Bowdon College again claim victories—one and two respectively—at our expense. These schools have for a long time past been our strongest opponents, and it is gratifying to us that in the match against the latter at Bowdon we made a better show than ever before on their ground, losing the game by only four runs. The Masters Match once again resulted in a draw in favour of the School.

Two members of the First Eleven, Allen and McChlery, stand prominently above the rest, both in batting and in bowling. Allen, who was top of the batting averages last year, is again first, with the excellent average of 24·7, which is the next best on record for the School. He is followed by McChlery, whose average is 21·5.

Allen also heads the bowling averages, having secured 54 wickets at a cost of 5·03 runs each, whilst McChlery has brought about the downfall of 52 at the rate of 5·5. Both have in them the making of first-class cricketers. Their batting is clean and vigorous, and they bowl with accuracy and skill. Not only has Allen played capital cricket, but, what is of even greater importance, he has proved an able and resourceful captain, who should find his experience of great value to him in the same capacity next season. H. W. Green has rendered able assistance in bowling, having taken 22 wickets at an average cost of 5·9 runs, and Dearden has also been useful in one or two games. The latter has, however, been a distinct disappointment as a bat. He is a powerful hitter, and we had looked forward to great scores from his bat; but his prowess has been confined to practice games, and in matches, where it is most needed, it has been latent. A strange fatality seemed to pursue some of the First Team in the earlier matches. Only one score—the smallest of all possible scores—was registered by them in match after match with wearying monotony.

Coming to the second team, we find a record of ten matches won, against six lost, only one being drawn.

The draw was with Salford Technical School, who won their return match with us. They are a much older and stronger team than our Second, and will, in all probability, meet our First next year. Our other losses were all due to indifferent fielding. Never have we heard of so many easy catches being missed in the course of a season, and the average per match must be a very high one. It is most disheartening to the bowlers, as it is demoralising to an eleven, for catch after catch to be dropped, some of them, too, of the easiest sort. The new fixtures this year were with Bury G.S. (Second), who lost both matches to us, and Sale Grammar School, who won the match at Sale, but were easily beaten on our ground.

Knoop has made a first-rate captain for the Second; in fact, quite as good as his brother, who so ably captained the team in 1895. He heads the batting averages with 17.1 runs per innings, and is followed by Wright and Frankish, who were only recently recruited for the team. Swindells is next with an average of 10 for three completed innings; and, after him, there comes a considerable fall. Humfrey has been invaluable as a bowler, having taken 47 wickets at a cost of 4.3 each. Phibbs, Bryceson, and Hough have also done good service with the ball. Several members of the team show excellent promise both in batting and bowling, and, with more experience and diligent practice, should become serviceable members of next season's First Eleven. But fielding must not be neglected, for, strange as it may seem, practice is needed as much in this branch of the game as in the others; and, whilst good batting and bowling may go a long way towards winning a match, bad fielding will go just as far towards losing it.

One cause of the indifferent fielding is, doubtless, the few opportunities the teams have had of practising together this season. The long list of Form Matches has crowded out almost everything else. These are 21 in number, and as each of them, as a rule, requires two nights to finish, Tuesdays and Fridays have practically to be given up to them. On Mondays and Thursdays there are, of course, previous engagements, which often prevent attendance at practice. It is plain that this state of affairs must be altered next year. Two ways suggest themselves: (1) to play off some of the matches on half-holidays, (2) to alter the nature of the Form Match arrangements, and, instead of the present League

system, to substitute the "knock-out" system, after the manner of the English Association Football Cup Competition. There will be plenty of time to think over these matters before next season.

We congratulate Modern V. and IV. on their securing the Form Match Championship. They thoroughly deserve the distinction, for they have played up well, and have shown great keenness. At the beginning of the season few thought that they showed any promise of being Champion Form, but they made the most of what material they had, whilst the *a priori* excellent chances of one or two other forms were spoilt by the slackness and lamentable lack of *esprit de corps* of a few of their members.

The Third Eleven have been captained by Norbury, R., and have played 11 "foreign" matches, of which six have been won and five lost. They have also been defeated in two very keen encounters with the "Under 14" Eleven. In batting, good service has been rendered by Wright, Young, Norbury, Frankish, C. W. Schroller, and P. M. Cooper, and the most successful bowlers have been Thomas, Norbury, and C. W. Schroller.

For the first time this season a Fourth Eleven has represented the School in cricket. This has, at any rate, served to raise the status of the Third Eleven, and we hope next season that more matches may be arranged for them. F. Mason has acted as captain on most occasions in which they have taken the field. Kennaugh made a good all-round performance for the Fourth, and was then promoted to the Third. The Fourth Eleven have won three and lost two matches, including a game with the "Under 14," in which the Fourth had a somewhat scratch team.

In the "Under 14" team we have been represented by as smart and keen an eleven for their age as one could wish to see. They have played 11 matches, winning 9 and losing two. Ford, C. M., has shown himself a steady and competent captain, keeping his men together well, and doing excellent service both in batting and in bowling. The success of the team is largely due to keen interest taken not only in matches, but in practice games. The fielding has been good, and the wicket-keeping, in the hands of Morrison, all that could be desired. Young, Swindells, and Ford have

done well in bowling; and, while most of the team have done good service with the bat, mention may be made of Swindells, Brister, J. F., Ford, Morrison, and Matthews.

Two "Under 12" Matches have been played, and aroused much interest among the keen cricketers of the junior forms. Sykes, R., who has done creditably on the "Under 14," acted as captain, and batted very well, as also did Champness. In bowling, Bradbury and Champness did wonders.

The Cricket "blazer" has proved a great success. Nearly a hundred have been sold, and during the warm weather it has been a favourite garb in the classroom. An air of smartness now pervades the cricket field, where a nondescript attire will soon be the exception. Whilst on the subject of costume, we may point out the room for improvement in one respect. There are many boys who possess flannels and will not take the trouble to put them on for half-holiday cricket. Now, apart from the slovenliness and discomfort of it, the game can only be properly played when one is properly clad.

Among the Old Hulmeians who have been batting well this season for local clubs, the names of A. G. and C. S. Baker have been most prominent for consistent good scoring. Both have been playing for Manchester, as well as Whalley Range, and the latter club numbers amongst its best batters and bowlers several other Old Hulmeians. Subjoined will be found a list of some of the best scores.

## CHARACTERS OF THE FIRST ELEVEN.

ALLEN, E. C., Captain.—Has been the mainstay of the team both in batting and bowling. As captain, has shown excellent judgment in the field.

DEARDEN, W. J., Vice-captain.—Has made a good change bowler, but has been a great disappointment as a bat.

GREEN, H. W.—A very steady bat, and has done good work with the ball; rather slow in the field.

MCCHLERY, W. R.—An excellent bat, hitting freely all round the wicket, and has bowled with great success.

WIHL, E. T.—Bats in a style of his own, but has made some very useful scores.

BRADBURY, L. A.—A careful bat, but should learn to hit. Fields well at cover-point.

SOUTHAM, L. M.—A good bat and a first-rate field.

MUDIE, W. H.—Did not begin to score till rather late in the season. Has a very good style, but wants more confidence. Fields well at long-on.

DICKINSON, R.—A hard hitter. His fielding at long-stop leaves much to be desired.

THOMPSON, W. S.—Has done good service as a wicket-keeper, and greatly improved as a bat.

JOHNSON, S. J.—A very fair all-round man, but has only played in a few matches.

## CHARACTERS OF THE SECOND ELEVEN.

KNOOP, D.—A capable and energetic captain. Has rendered valuable service with the bat.

HUMFREY, P.—Has bowled very well during the latter part of the season, and has made one or two good scores.

WIHL, H. S.—Fields well in the long-field, and lately has done excellent work with the bat.

BRYCESON, W. G.—Has bowled well throughout the season, and is a steady batter.

HOUGH, H.—The safest bat in the team. Fields and bowls well.

WEBSTER, J. S.—Takes the ball well behind the wicket, but fails to stump anyone out. Needs practice in batting.

SWINDELLS, F. E.—A promising batter and bowler, but could only play a few times for the Second, owing to pressing engagements on the "Under 14."

JEFFERIS, F.—Has not had much opportunity of displaying his batting, and is slow in the field. Should practice more.

MCNICOL, D.—A keen and safe fielder. Promises well both as batter and bowler.

PHIBBS, R. A.—Our best change bowler. Fields well at long-stop, but is by no means a safe catch.

WRIGHT, S.—A hard hitter. Has shown good form on the few occasions on which he has played.

GREEN, L. S.—Has hardly come up to expectations. Plays well at times.

FRANKISH, A. (reserve).—Although he has only lately come on the team, has played very well.

### FIRST ELEVEN MATCHES. (Continued from our last number.)

#### v. BOWDON COLLEGE.

Wednesday, May 16th, on our ground. Lost. We won the toss, and put them in to bat, to the bowling of Allen and McChlery. The latter bowled one of their men with a no ball, and the first wicket fell to Allen with the score at 15. A good stand was made for the third wicket, for which 20 runs were put on, when Allen took three wickets in quick succession, five men being out for 39. The innings closed for 72, most of which was made by two batsmen. Against this total the School made but a poor show, the bowling of their captain proving too strong for us. Allen alone reached double figures, and the whole side were out for 26. Bowdon went in again, and knocked up 82 for the loss of five wickets. Score and analysis:—

## v. BURY GRAMMAR SCHOOL.

Saturday, May 19th, on our ground. Won. Our opponents winning the toss went in first, but in spite of careful play, wickets fell fast, and the whole side were out for the small total of 28. McChlery came out with a very good analysis, taking six wickets for 11 runs, while Allen took four for 16. On going in to bat we fared rather badly, losing three wickets for 15 runs. At this point, however, McChlery joined Allen, and by good batting the visitors' score was passed, and 54 reached before McChlery was well caught at cover point. Two more wickets fell at the same total, but with Radford and Jefferis as partners, Allen continued hitting merrily, and soon passed his 50, showing towards the end of the match a great liking for the adjoining field. With the score at 126 for eight wickets stumps were drawn, leaving us with an easy victory. Allen carried out his bat for 85, his chief hits being a six, a five, and nine fours. Score and analysis:—

## v. MACCLESFIELD GRAMMAR SCHOOL.

Wednesday, May 23rd, on our ground. Drawn. Winning the toss, we decided to bat first. A poor start was made, and five wickets were down for 22. Southam then partnered McChlery, and the two completely altered the appearance of the game, carrying the score to 134 without being separated. McChlery hit out splendidly, and carried out his bat for 81, when the innings was declared closed. Southam also played a good game, being not out 32. We had only three-quarters of an hour in which to get our opponents out, and though wickets fell fast at first, a good stand was made for the fourth wicket. When time was called there were still three wickets to fall, our opponents being 98 runs behind. After the match the two teams were kindly entertained to tea by the Head Master. Score and analysis:—

## v. CHORLTON CONGREGATIONAL.

Saturday, May 26th, on our ground. Won. We went in first to bat, but a very poor start was made, three men being out for five runs, and four for 15. Green then joined Allen, and a good stand was begun, which was unfortunately cut short by Allen receiving a blow upon the knee, which compelled him to retire. He was playing a very pretty game, and had already 21 runs to his credit. Southam took his place, and the scoring continued, Southam making some good hits. Green was out at 54 for a steady and useful innings, and Southam soon afterwards for 24. The last wicket gave a lot of trouble, Thompson and Dickinson putting on 25 runs. The innings closed for 107, a very much better figure than at one time seemed likely. The visitors made a bad start, losing two men for as many runs, but the third wicket brought the score to 36, after the fall of which, however, the remaining batsmen did very little, Green meeting with great success on going on for a second time. The whole side were out for 49. Score and analysis:—

## v. THE MASTERS (Twelve aside).

Wednesday, June 20th, on our ground. Drawn. The match was played in very showery and unpleasant weather. The School batted first, according to custom, Allen and Bradbury going in to face the deliveries of Mr. Franklin and Whatmough. Allen was bowled in Mr. Franklin's first over, but Dearden by hard hitting brought the score to 23, when he was bowled for a very useful 17, Bradbury being caught at the wicket next ball. McChlery came in, and made some good hits, raising the score to 59 in conjunction with Southam. Mudie succeeded Southam, and, amid loud cheers, scored his first run of the season, but, after making three, was bowled by Mr. Kelsey. McChlery fell to a catch at slip at 66, having contributed a valuable 25. The tenth wicket gave much trouble, Radford and Thompson hitting up 27 before the former was out at 94. Thompson carried out his bat for 15. Mr. Fison and Mr. Stearne opened the Masters' innings, but the former was run out for a single, and Mr. Franklin was bowled next ball. With Mr. Brown in, a stand was made, but, with the score at 15, Mr. Stearne was out lbw to McChlery. Mr. Kelsey did not stay long, and, after this, play was very slow. When time was called the score stood at 41 for 10 wickets, Mr. Brown having contributed a very good innings of 19. McChlery bowled very well, taking seven wickets for 14 runs. After the match the Masters entertained the Eleven to tea. Score and analysis:—

## v. WARRINGTON GRAMMAR SCHOOL.

Saturday, June 23rd, on our ground. Drawn. Winning the toss, our opponents went in first on a good wicket. Two wickets fell for 10 runs, but a prolonged stand was made for the third wicket, 57 runs being added before a splendid catch by Allen brought about a separation. After this wickets fell more quickly, but the whole side were not disposed of before 109 had been scored. McChlery bowled very well, taking seven wickets for 43 runs. With an hour to bat there was nothing to play for but a draw. Wihl and Bradbury made a good start, staying together 15 minutes without separation. Three wickets then fell rather quickly, but Allen and McChlery made a very good stand for the fourth wicket, and put defeat out of the question. At call of time six wickets were down for 58, Allen carrying out his bat for 22. Score and analysis:—

## v. BOWDON COLLEGE.

Wednesday, June 27th, on their ground. Lost. We won the toss and elected to bat. Our start, however, was not promising, two wickets quickly falling for 11 runs. Allen and McChlery made a very useful stand, however, for the 4th wicket. Both batted with confidence, and Allen made some neat strokes. With the score at 35, however, he failed to get hold of a ball, and was caught for a faultless 19. The scoring continued with Southam and McChlery in partnership, but the latter was unfortunately run out for a well-played 15. Southam received little assistance from the remaining batsmen, and carried out his bat for a steady 14, the whole side being out for 67, a much better score than in our first match with Bowdon. On Bowdon going in, Allen, in his first over,

bowled Cathie off his pads, and directly afterwards Brown, their captain, was missed in the long field off McChlery. This mistake probably lost us the match, for he proceeded to punish the bowling severely, twice hitting it out of the ground, and carrying the score to 43 for the second wicket. At this point he was bowled by Allen for 28, and soon after his partner fell a victim to a splendid ball from the same bowler. Allen continued to bowl with success, and seven wickets were down for 64. The game was now very exciting, but our total was passed before the eighth wicket fell. McChlery then bowled the last three men, and the innings closed for 70. Score and analysis:—

## v. STOCKPORT GRAMMAR SCHOOL.

Saturday, June 30th, on our ground. Won. Played in rather unsettled weather. Winning the toss, we decided to put them in first. From the start they made very little resistance to the bowling, and were all out for the small total of 23. Allen and McChlery shared the wickets, the latter performing the "bat trick." Our innings was opened by Bradbury and Wihl, and 18 runs were scored before the former was bowled. Wihl continued to hit hard, and the required runs were made without further loss. When rain stopped play, our score was 66 for five wickets, Wihl being top scorer with 18. Score and analysis:—

## v. ST. BEDE'S COLLEGE.

Wednesday, July 4th, on our ground. Drawn. Winning the toss, St. Bede's went in first, to the bowling of Allen and Green. Runs came very slowly at first, but 29 were put on before the first wicket fell. A long stand was then made for the second wicket, and in spite of bowling changes, the score rose quickly; 43 runs had been added when a catch by Mudie, off Dearden, brought about a separation. Wickets then fell rather faster, but the score continued to rise,

and, with the total of 103, St. Bede's declared with five wickets in hand. The absence of McChlery was badly felt in the attack. We had no chance of making the runs in the time, but, by steady batting, a defeat was soon put out of the question, Allen and Wihl contributing invaluable scores to a total of 50 for five wickets. ## v. VICTORIA COLLEGE, CONGLETON.

Saturday, July 7th, at Congleton. Won. The College took the first innings, but only one or two of their batsmen offering any resistance to the bowling, the whole team were dispatched for the small total of 21. Wihl and Bradbury started our batting, and slowly took the score to 15, when the latter was out lbw. Another wicket was lost before their score was passed, but when Allen came in runs were put on at a great pace. Allen hit splendidly, making most of his runs by boundaries. He was just two runs short of the half-century when he was bowled in attempting a big hit. Our innings was declared closed at 84 for seven wickets, Mudie carrying out his bat for nine. The College went in again, but hardly fared better than before. Allen bowled very well, taking, in both innings, nine wickets at the rate of two runs apiece, and Green also was very successful, taking ten for 25. After the

match we were kindly entertained to tea. Score and analysis:—

## v. BURY GRAMMAR SCHOOL.

Wednesday, July 11th, at Bury. Drawn. Winning the toss, we went in to bat. McChlery and Thompson soon ran up 56 runs, when Thompson was caught for a well-played 16. Three wickets then fell quickly, McChlery being fourth out for a dashing innings of 40. (Four for 65.) Allen joined Bradbury, and a good stand was made; but, with the score at 101, Bradbury was stumped for 10, and Allen was out in

the same way four runs later for a good 21. Southam made a few, and with the score at 120 for seven, our innings was declared closed, Wihl being not out 11. With an hour and a quarter to bat, Bury opened very cautiously but before a run had been scored, McChlery secured the first wicket, and four men were out for 16. A long stand was then made, and the score taken to 45 before the fifth man was out. Time was called soon after. Score and analysis:—

## v. HULME LADS' CLUB.

Saturday, July 14th, on our ground. Lost. Going in first, we made a miserable display, and lost eight wickets for 22 runs. An excellent effort to improve matters was then made by Thompson and Dickinson, who put on 23 runs for the ninth wicket. The innings closed for 50. The Lads' Club made a bad start, losing two men before a run had been scored, and half their wickets were down for 32. Aided by "extras," the batsmen gradually worked the score up, and when the seventh wicket fell were only five runs behind. Dickin-

son at long-stop then gave them several runs, enabling them to pass our score with three wickets in hand. After this point runs came more freely, and 74 was up before all were out. McChlery had a good average, taking five wickets for 32, and Southam and Wihl brought off good catches. Green took the last two wickets for no runs. Score and analysis:—

## SECOND TEAM MATCHES.

(Continued from our last number)

v. BOWDON COLLEGE SECOND.—Wednesday, May 16th, at Bowdon. Won. Going in first, we made a very fair start, and put on 25 for three wickets. At this point, however, there was a collapse, and the

whole side were out for 40. Our opponents did worse, six men being out for eight runs. The "tail" improved matters somewhat, but they were all dismissed for 27. Hough bowled well, taking four wickets for 12 runs, while Bryceson took two for 8, and Phibbs two for 12. In our second innings Hough and Bryceson made a good start, and scored 19 for the first wicket. Score:—

THE SCHOOL SECOND.—Bryceson 6 and 10, Hough 7 and 11, Knoop 3, Thompson 6 and (not out) 1, Wihl 0 and 0, Oliver 0 and 0, Swindells (not out) 5 and (not out) 5, Webster 3, Phibbs 3, Gilliat 0 and 0, Thomas 0 and 0, Extras 7 and 5. Totals 40 and (for six wickets) 32.

BOWDON SECOND.—Willcock 0, Lomas 0, Ashworth 1, Niebecker 2, Whitehead 4, Paterson 3, Webster 1, Braga 2, Owen 6, Creque 4, Uttley (not out) 0, Extras 4. Total 27.

v. BURY GRAMMAR SCHOOL SECOND.—Saturday, May 19th, at Bury. Won. We went first to the wickets, but lost two wickets for 12 runs. Knoop then joined Johnson, and the pair brought the score up to 29, when Johnson was out for a well-hit 15. Thompson came in next, and the score rose to 48, when he was out for 11. Knoop continued batting well, and was out fifth with the score at 70. The rest did very little, and the innings closed for 77. Bury made very little stand against our bowling, and were dismissed for 16 in the first and 33 in the second innings. Bowling analysis: First innings, Johnson four for 5, Hough two for 7, Gilliat two for 0; second innings, Phibbs three for 5, Swindells three for 2, Hough 2 for 5. Score:—

THE SCHOOL SECOND.—Johnson 15, Hough 0, Swindells 7, Knoop 27, Thompson 11, Wihl 5, Webster 3, Phibbs 0, Gilliat 0, sub. 0, sub. (not out) 2, Extras 7. Total 77.

BURY GRAMMAR SCHOOL SECOND.—Gow 2 and 7, Pilling 3 and 9, Goss 1 and 1, Pinkerton 1 and 3, Riley 0 and 0, Baron 0 and 0, Hopkinson 6 and 2, Hulme 0 and 6, Whittaker (not out) 0 and 0, Ainsworth 0 and 0, Whitehead (not out) 0 and 1, Extras 3 and 4. Totals 16 and 33.

v. SALFORD TECHNICAL SCHOOL.—Wednesday, May 23rd, on our ground. Drawn. Going in first our batsmen faced fast bowling at both ends, and four wickets were

down for 19 runs. From this point, however, a good resistance was offered. Webster joined Knoop, and the two brought the score up to 49 before separation. Knoop received further assistance from Phibbs and Wain, and when the innings was declared closed at 80 for nine, he was not out for a good score of 29. Extras formed a large proportion of our total. With 35 minutes to play, the Technical lost one wicket for four, and then made a stand, several catches being dropped. Time was called with two wickets down for 32. Score:—

THE SCHOOL SECOND.—Johnson 6, Hough, H., 1, Humfrey 0, Knoop (not out) 29, Wihl 0, Webster 12, Oliver 0, Hough, W., 0, McNicol 0, Phibbs 5, Wain (not out) 3, Extras 24. Total for nine wickets, 80. Innings declared closed.

SALFORD TECHNICAL SCHOOL.—Deakin 0, Morris 12, Coates (not out) 11, Jones (not out) 4, Extras 5. Total for two wickets, 32.

v. HULME GRAMMAR SCHOOL, OLDHAM.—Saturday, May 26th, on our ground. Lost. The visitors won the toss and went in first, making a very fair start. Six men were out for 32, however, but a good stand for the seventh wicket brought up 54, the innings closing for 59. Johnson took four wickets for 16, Knoop two for 2, the other bowlers proving expensive. Our batsmen were rather oppressed with the task of making 60 runs to win, and only succeeded in getting 39. Score:—

HULME SCHOOL, OLDHAM.—Wolstencroft 10, Barratt 12, Bunting 1, Thompson 4, Mellor 3, Whitehead 0, Middleton 9, Emmott 15, West 2, Fletcher (not out) 3, Roberts 0. Total 59.

THE SCHOOL SECOND.—Johnson 4, Bryceson 7, Hough, H., 5, Knoop 7, Humfrey 3, Webster 7, Wihl 1, Phibbs 1, Oliver 0, Jefferis 1, McNicol (not out) 3. Total 39.

v. ST. BEDE'S COLLEGE SECOND.—Wednesday, May 30th, on our ground. Won. Our opponents went in first, but did very badly at first, and lost five wickets for 18. Runs then came more freely, and the total was 56 before the last man was out. Phibbs took three wickets for 14, and Wain two for four. We had a little over an hour in which to make the runs, and an excellent start was made by Hough and Wihl, 30 being up when the latter was caught at mid-on for a careful seven. Webster came in, and the required runs were easily hit off. At the close of play Hough was not out for a well-played 22, and Webster for

a freely-hit 19, the score being 65 for one wicket. Score:—

ST. BEDE'S SECOND.—Ashton 0, Aspinall 4, Mills 0, Coupe 2, Shorrocks 11, Murphy 8, McCorry 3, Gribbin 21, Riley 3, Forshaw (not out) 1, Doherty 0, Extras 3. Total 56.

THE SCHOOL SECOND.—Hough, H. (not out) 22, Wihl 7, Webster (not out) 19, Extras 17. Total for one wicket 65.

v. SALE GRAMMAR SCHOOL.—Friday, June 1st, on the Brooklands Cricket Club Ground. Lost. We went in first, and lost two wickets for eight. A good stand was then made by Hough and Knoop, and the score taken to 30 for three. Hough was out fifth at 42 for a well-played 21. Humfrey and Wihl made another useful stand, and the innings closed for 66. Our opponents began slowly, but the score rose steadily, and when the last man came in only seven were wanted to win. Three catches had already been missed in two overs, and the slack fielding continued. Two more catches were missed, and the side were not disposed of till 71 was up. Humfrey was the most successful bowler, taking four wickets for 22. Score:—

THE SCHOOL SECOND.—Hough, H., 21, Johnson 1, Webster 0, Knoop 6, Swindells 6, Humfrey 10, Wihl (not out) 13, McNicol 0, Jefferis 7, Phibbs 0, Hough, W., 0, Extras 2. Total 66.

v. MANCHESTER TECHNICAL SCHOOL SECOND.—Saturday, June 23rd, on our ground. Lost. Our opponents, who played only nine men, went in first, and after losing one batsman in the first over, took the score to 25 for the second wicket. The whole side were out for 50, of which 28 came from one bat. When we went in we found one of their bowlers very difficult to play. He had a leg-break, and dismissed the first five of our batsmen for the miserable total of four runs. Humfrey and Webster then came to the rescue, and they and the remaining batsmen, by a creditable effort, brought our score to 45, only five runs behind, when the last man was run out. Bowling analysis: Humfrey two for 23, Phibbs two for five, Bryceson two for two. Score:—

MANCHESTER TECHNICAL SCHOOL SECOND.—Howe o, Maconachie 28, Sands 9, Young o, Underwood 5, Crowther 2, Lansbury o, Hornby 4, Smith (not out) o, Extras 2. Total 50.

THE SCHOOL SECOND.—Johnson o, Hough, H., 1, Bryceson o, Knoop 3, Humfrey 4, Wihl o, Webster 9, Jefferis 8, McNicol 7, Ardern 2, Phibbs (not out) 4, Extras 7. Total 45.

v. BOWDON COLLEGE SECOND.—Wednesday, June 27th, on our ground. Won. Bowdon went in first, but were all out for 23, Humfrey taking five wickets for nine, and Bryceson five for 14. We lost two wickets in making the required runs, but Knoop and Bryceson carried the score to 28 for the third wicket, when the latter was out for 16. Humfrey joined Knoop, and an excellent stand was made. With the score at 50, Humfrey was out for a well-hit 17. At close of play the score was 80 for five wickets. Knoop, who had gone in with the score at 11, carried out his bat for a very good 24, and Wright was not out at 12, which included two big hits in the long-field. Bowdon did better in their second innings, which realised 42. Humfrey was again very successful with the ball, taking six wickets for 16 runs. Score:—

THE SCHOOL SECOND.—Hough 3, Bryceson 16, Webster 2, Knoop (not out) 24, Humfrey 17, Wihl 2, Wright (not out) 12, Extras 4. Total for five wickets 80. Innings closed.

BOWDON COLLEGE SECOND.—Willcock o and o, Rigg o and 8, Niebecker 7 and 16, Paterson 14 and 2, Webster 1 and 7, Morrison o and o, Pick 1 and o, Goldsmith o and o, Creque o and 5, Rothwell o and 1, Fernandez (not out) o and (not out) 3. Totals 23 and 42.

v. SALFORD TECHNICAL SCHOOL.—Saturday, June 30th, on our ground. Lost. This proved a very one-sided match. We went in first, but could do nothing with the bowling, the whole side being out for 28. Webster was top scorer with nine. The visitors knocked off the runs for the loss of one wicket, and carried the score to 44 before the second fell. Play was stopped by rain. Score:—

THE SCHOOL SECOND.—Wihl o, Bryceson 1, Swindells 2, Knoop 5, Humfrey o, Webster 9, Wright 7, Jefferis 2, McNicol o, Ardern o, Phibbs (not out) o, Extras 2. Total 28.

v. ST. BEDE'S COLLEGE, SECOND.—Wednesday, July 4th, on their ground. Won. Our opponents went in first, and compiled a total of 60, two batsmen being chiefly responsible. We lost a wicket for one run, and a period of very slow play followed. Wihl was out fifth for a very useful score of 19, and the next batters, Wright and Frankish, passed St. Bede's total, and brought the score to 62 for six wickets. Bowling analysis: Phibbs four for 15, Bryceson four for 19, Humfrey two for 16. Score:—

ST. BEDE'S SECOND.—Ashton 1, Gribbin 3, Mills 19, Shorrocks 5, McCorry 18, Gahan o, Murphy 1, Coupe 4, Doherty 1, Moller (not out) 8, Riley o. Total 60.

v. SALE GRAMMAR SCHOOL.—Saturday, July 7th, on our ground. Won. The visitors went in first to bat, and lost four wickets for 23. After this the rate of scoring improved, and they were not disposed of before 63 runs had been made. Humfrey bowled very well, taking five wickets for 16 runs. We made a very fair start, 18 runs being put on for the first wicket. Frankish was then out for a useful 13, and Wihl followed with 11. With Knoop and Humfrey together an excellent stand was made, and the necessary runs were made without further loss, the School thus winning by seven wickets. Score:—

SALE GRAMMAR SCHOOL.—Taylor 4, Aldred, T., 22, Wild 3, Aldred, A., o, Gaskell o, Smith 14, Alonso 6, Parr 1, Bryan (not out) 4, Meldrum 6, Tomlinson o, Extras 3. Total 63.

THE SCHOOL SECOND.—Bryceson 6, Frankish 13, Wihl 11, Knoop (not out) 18, Humfrey (not out) 12, Extras 4. Total for three wickets 64.

v. BURY GRAMMAR SCHOOL SECOND.—Wednesday, July 11th, on our ground. Won. Bury won the toss, but rashly put us in on a splendid batting wicket. An excellent start was made, and 26 was up when the first wicket fell. Wihl then came in, and began

a long score, receiving help first from Frankish, who was out at 40 for a useful 12, and afterwards from Knoop, who was in with him while 40 runs were scored, and was bowled at 80 for a vigorous 21, including two fours and a five. We declared with the score at 101 for four wickets, after 70 minutes play, Wihl carrying out his bat for a plucky innings of 35. Bury's first batsman defied our bowlers for over half an hour, during which time four catches were dropped from Humfrey's bowling. The first wicket fell at 22, after which no further resistance was offered, the whole side being dismissed for 37. Humfrey bowled very well, taking seven wickets for 18, while Bryceson took two for eight, and Swindells one for three. Score:—

THE SCHOOL SECOND.—Bryceson 7, Frankish 12, Wihl (not out) 35, Knoop 21, Humfrey 0, Webster (not out) 5, Extras 21. Total for four wickets 101. Innings closed.

BURY GRAMMAR SCHOOL SECOND.—Wild 12, Goss 8, Whitehead 0, Openshaw 3, Banks 4, Coupe (not out) 5, Greenhouse I. 0, Woods 2, Greenhouse II. 0, Shaw 0, Ainsworth 0, Extras 3. Total 37.

v. HULME GRAMMAR SCHOOL, OLDHAM.—Saturday, July 14th, on their ground. Lost. We went in first, but only Knoop and Wright offered any show of resistance to the bowling of Middleton, backed up as it was by good fielding, and all were out for 26. Oldham also made a bad start, Humfrey bowling very well, but through loose fielding and missed catches, they were allowed to raise the score from 18 for eight wickets to 38 for the ninth, the last wicket falling for 44. Humfrey took seven wickets for 17 runs. Score:—

THE SCHOOL SECOND.—Bryceson 2, Frankish 0, Wihl 0, Knoop 8, Humfrey 3, Wright 6, Green 3, Webster 1, McNicol 0, Jefferis 1, Phibbs (not out) 1, Extras 1. Total 26.

v. OAKLANDS SCHOOL.—Wednesday, May 30th, on their ground. Lost. They put us in to bat, but we only made 22. Our opponents did not look like beating this at first, as they lost four wickets for 5 runs, but they passed our total with five wickets in hand, and then were all out for 28. Thomas bowled well, taking six wickets for 13. Score:—

THE SCHOOL THIRD.—Cooper, P. M., 4, Chadfield 1, Wright 1, Heron, W. T., 5, Thomas 0, Brister, J. H., 0, Frankish 2, Schroller, C. W., 0, Norbury 4, Harvey 0, Dunkerley 0, Extras 56. Total 22.

These three were chiefly responsible for our score of 48. On going in to bat, our opponents found Thomas and Norbury too many for them, and were all out for the small figure of three. They did much better in the second attempt. Thomas took four wickets for one run, and Norbury six for two runs. Score:—

Our opponents, going in first, were dismissed for 14, Brister taking four wickets for four runs, Thomas three for 10, and Norbury three for 10. We then went in, and were content to pass their modest total with eight wickets in hand. Score:—

F. SALE GRAMMAR SCHOOL SECOND.—Saturday, June 30th, on our ground. Won. Sale fared badly against the bowling of Schroller and Norbury, who dismissed them all for 21, Norbury taking five wickets for six runs, and Schroller five for 12. We lost three wickets in passing their score, but Norbury and Schroller hit off the runs, and brought up 39 for four wickets, when Scholler was out for 15. V. ST. BEDE'S THIRD.—Wednesday, July 4th, on our ground. Lost. We won the toss, and put them in to bat, but found it rather difficult to get them out. Several catches were missed, and all our bowlers were treated with disrespect. Finally they were disposed of for 95, a figure which we never looked like equalling. The first batsmen did very fairly, 25 runs being scored for the first two wickets. After this, however, the tail collapsed, and the whole side were out for 37. Score:—

ST. BEDE'S THIRD.—95.

THE THIRD ELEVEN.—Chadfield 5, Ardern 11, Cooper 9, Brister 7, Thomas 0, Norbury 0, Schroller 0, Hough 0, Harvey 0, Kennaugh 2, Cartledge (not out) 0, Extras 3. Total 37.

#### FOURTH ELEVEN MATCHES.

V. ST. BEDE'S THIRD.—Wednesday, June 27th, on our ground. Lost. Our opponents put us in to bat, and we should have fared very badly but for a good stand by Kennaugh and Wain for the fourth wicket. We were all out for 34, of which Kennaugh made 17. Our total was passed without loss, and the score of 64 was reached before they were all out. Kennaugh came off best in bowling also, taking five wickets for 26. We went in again and made 28. Score:—

The "Under 14" had the good fortune to win the toss, and made good use of their opportunity, running up a good score of 72. The chief contributors to this total were Brister, J. F., Redshaw, and Thompson, A. M., the two latter putting on 22 runs for the seventh wicket. The chief feature of our innings was the good batting of Ford, who, going in third, carried his bat through the rest of the innings for 33. He received good support from Swindells and Mountain. With the score at 84 for eight we declared. Chetham's were all dismissed for 14. Score:—

v. NICHOLLS HOSPITAL.—Wednesday, July 4th, on our ground. Won. We began very badly, but Sykes and Murdoch played well towards the end, and the

venture closed for 24. Nicholls looked very like winning with 15 up for two wickets, but Ford and Mountain bowled their hardest, and two men were smartly run out. v. ST. BEDE'S (under 14).—Saturday, July 7th, on our ground. Won. We went in first, and made a wretched start, eight wickets falling for 12 runs. Redshaw and Thompson, A. M., improved matters by carrying the score to 31 for nine wickets, and the innings came to 34. St. Bede's made a better start, and had made 20 for the loss of four wickets. At this point, however, a collapse occurred, Ford and Mountain carrying all before them, and the whole side were out for 22. Ford took six wickets for 12, Mountain three for six. #### "UNDER 12" MATCHES.

v. SALE GRAMMAR SCHOOL (under 12).—Saturday, July 7th, on our ground. Won. This interesting fixture was looked forward to with much keenness. We passed this score with one wicket down and ran up a total of 48. Sale did much better in their second innings. Score:—

SALE GRAMMAR SCHOOL (under 12).—8 and 26.
